It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

CITY OF BOSTON.

A REPORT

OF THE

RECORD COMMISSIONERS.

The Eighteenth Report of the Record Commissioners is a continuation of the Sixteenth, and contains the proceedings of the town from 1770 through 1777.

It is almost superfluous to speak of the interest which will be felt in this report of the proceedings of the town during this important period. The resolves, instructions, and reports are essential to any correct understanding of the rise of the Revolution. Many of these papers have been published before, but it is instructive to read them in their proper sequence, and to see that the functions of the town, in small matters as well as great, were systematically attended to at all times.

It is suggestive to note that the town meeting of Boston for March 5, 1776, was held at Watertown; but with this exception, little appears on the record to show the suspension of civic rights during the occupancy of the town by British troops.

The ample indices will enable the student to promptly avail of the information herein collected.

WILLIAM H. WHITMORE,

For the Record Commissioners.

CITY HALL, BOSTON, Dec. 1, 1887.

Then the Meeting was dissolved

[214.] At a Meeting of the Freeholders and other Inhabitants of the Town of Boston legally qualified and warned in publick Town Meeting Assembled at Faneuil Hall on Tuesday the 6 Day of March Anno Domini 1770. — 3 O'Clock, P: M: —

The Hon^{ble}. Thomas Cushing Esq. was chosen Moderator of this Meeting —

Faneuil Hall not being Capasious enough to receive the Inhabi-

tants who attended; Voted, that this Meeting be Adjourned to Dr. Sewalls Meeting House —

The Committee appointed to deliver a Message of the Town to his Honor Lieutenant Governor, Reported, and laid before the Town the Reply they had received from his Honor in Writing which is as follows —

Gentlemen

I am extremely sorry for the unhappy differences between the Inhabitants and the Troops — and especially for the action of the last Evening, and I have exerted myself upon that occasion, that a due inquiry may be made and that the Law may have its course. I have in Council consulted with the Commanding Officers of the two Regiments which are in the Town. They have their Orders from the General at New York. It is not in my power to countermand those Orders. The Council have desired that the two Regiments may be removed to the Castle. From the particular concern which the 29th. Regiment has had in these differences Coll^o. Dalrymple who is the Commanding Officer of the Troops has signified to me that the Regiments shall without delay be placed in the Barracks at the Castle until he can send to y^e [215.] The General and receive his further Orders concerning both the Regiment and that the Main Guard shall be removed and the 14th. Regiments so disposed and laid under such restraint, that all occasion of future differences may be prevented —

The foregoing Reply having been read, and fully considered the Question was put — “Whether the Report be satisfactory — Passed in the Negative almost unanimously — (but one dissenter) —

It was then moved and Voted, that

The Hon^{ble}. John Hancock Esq.

Mr. Samuel Adams

Mr. William Mollineux

William Phillips Esq.

Dr. Joseph Warren

Joshua Henshaw Esq.

Samuel Pemberton Esq.

be and hereby are appointed a Committee to wait on his Honor the Lieu^t. Governor, and inform him, that it is the unanimous opinion of this Meeting, that the Reply made to a Vote of the Inhabitants presented his Honor in the Morning is by no means satisfactory, and that nothing less will satisfy them, than a total and immediate removal of the Troops.

The Committee having waited upon his Honor the Lieu^t. Governor agreeable to the foregoing Vote; laid before the Inhabitants the following Vote of Council, removed from his Honor —

His Honor the Lieu^t. Governor laid before the Board a Vote of the Town of Boston passed this Afternoon, and then Addressed the Board as follows —

Gentlemen of the Council I lay before you a Vote of the Town of Boston, which I have Just now received from them, and I now ask your advice what you Judge necessary to be done upon it —

[216.] The Council thereupon expressed themselves to be

unanimously of Opinion that it was absolutely necessary for his Majestys service and the good order of the Town and the peace of the Province that the Troops should be immediately removed out of the Town of Boston, and thereupon advised his Honor to communicate this advice of the Council to Coll^o. Dalrymple, and to pray that he would order the Troops down to Castle William —

The Committee also informed the Town, that Coll^o. Dalrymple after having seen the above Vote of Council, said to the Committee That he now gave his word of honor that he would begin his preparation in the Morning, and that there should be no unnecessary delay untill the whole of the two Regiments were removed to the Castle —

The above Report of the Committee having been read, by the Town Clerk; the Inhabitants could not but express the high satisfaction, which it afforded them —

The Town having determined that it was highly necessary and expedient to have a strong Watch of our own for the protection of the Inhabitants in the Night, untill the troops would remove, and the Committee who delivered the last Message to the Lieu^t. Governor having kindly offered to make themselves a part of the Watch for this Night, their offer was gratefully accepted and said Committee were desired to take such a number of the Inhabitants with them as they might think proper, and also to appoint a Watch for succeeding Nights; and as it was concluded that the Townsmen were now very generally provided with Arms and Ammunition, it was agreed that in case of any disturbance in the Night they should repair to a place they may appoint for a general Muster —

[217.] Upon a Motion made and seconded — Voted, unanimously That this Town have the greatest abhorrence of one of its Inhabitants viz^t. — Samuel Water-house, who in defiance of the united sentiment not only of his Fellow Citizens, but all his Fellow Countrymen expressed repeatedly in the Votes and Records of the Hon^{ble}. House of Representatives of this Province, has continued to accommodate Troops at this time so Justly obnoxious to a free People and abhorrent to a free Constitution, and thereby basely prostituted a once respectable Mansion House to the use of a Main Guard —

A Copy of one of the Hand Bills posted up the Evening preceeding the horrid Massacre, was read to the Town, and diverse Testimonies relative to that bloody affair —

Voted, that the Thanks of the Town be and hereby are given to the Hon^{ble}. Thomas Cushing Esq. the Moderator for dispatching the Business of this Meeting —

To the Hon^{ble}. James Bowdoin Esq. & Thomas Cushing Esq. Mr. Samuel Adams and the Hon^{ble}. John Hancock Esq. —

Gentlemen —

The Town of Boston by their late choice of you to Represent them in the ensuing General Court, have given strong proof of their confidence in your abilities and integrity. For no period since the perilous times of our venerable Fathers has worn a more gloomy and melancholy aspect. Unwarrantable and arbitrary exactions made upon the people — trade expiring, grievances murmurs discontents convulzing every part of the British Empire, forbode a day of tryal, in which under God nothing but strict virtue and inflexible fortitude can save us, from a rapacious and miserable distruction. A series of occurrences, many recent events, and especially the late Journals [255.] Of the House of Lords afford great reason to believe, that a Deep laid & desperate plan of Imperial despotism has been laid, and partly executed, for the extinction of all civil liberty; — and from a gradual sapping the grand foundation from a subtle undermining the main pillars, breaking the strong bulwarks destroying the principal ramparts and battlements, the august and once revered, fortress of english freedom — the admirable work of ages, — the BRITISH CONSTITUTION seems fast tottering into fatal & inevitable ruin. The dreadful catastrophe threatens universal havock, and presents an awful warning to hazard all if peradventure, we in these distant confines of the Earth may prevent being totally overwhelm'd and buried under the ruins of our most established rights. For many Years past we have with sorrow beheld the approaching conflict; various have been the causes, which pressed on this decisive period, and everything now conspires to prompt a full exertion of our utmost vigilance wisdom and firmness; — and as y^e. exigencies of the

times require, not only the refined abilities of true policy; but the more martial virtues; conduct valor and intrepidity; So Gentlemen in giving you our suffrages, at this Election, we have devolved upon you a most important trust; to discharge which we doubt not you will summon up the whole united faculties of mind and body. —

We decline Gentlemen a minute detail of many momentous concerns, relative to which it is believed no Instructions need be given; but we shall express our thoughts on such matters as we suppose you will choose to have our explicit sentiments. —

A Grievance which will early present itself in the ensuing Sessions (and to redress which you are to take all proper and spirited methods) is that of holding the General Court at Harvard College, not only against antient usage and established law, but also against the welfare of that Seminary of learning, the happy advancement of which, this Province ever had and still have so much at heart. —

We would have you Gentlemen particularly Scrutinize into the wise and cautious transactions of our worthy Fathers in 1721. They it should be known, in that year tho not directly called to weigh [256.] The high importance of the question, yet, on this very matter, behaved with a political foresight, and sagacious circumspection, truly admirable and worthy imitation: The small pox then almost as pestilential as the plague, rendred the Meeting of the General Court in Boston morally impossible; yet so convinced was the Governor of the Province of his own defect of authority to remove the General Assembly out of Town, that when all the Members daring to attend the Court in that infectious season, were assembled in the Council Chamber unable to make a quorum of the lower House they were expressly assured by his Excellency that the proposed adjourning into the Country should not be drawn into President. Accordingly a reliance doubtless being had on such solemn assurance, no objections appear entred on record against the Adjournment, when thro' a providential calamity, a transaction of business in the proper place was become really impracticable. No Proverb is more familiar, than that necessity knows no law; and the Court no doubt on this natural consideration was immediately adjourned out of this Town. Yet so universally sensible were the people of that duty, and especially the three branches of Legislature, that an act of the whole Court, even when such a fatal emergency had forced the Adjournment, absolutely requisite to legalize and capatitate for their procedure to publick business: — and accordingly a vote passed the honourable House to that purpose, the same was concurred by his Majestys Council, and approved & formally assented to, by the Commander in Chief: — all which appears on the publick records of the Province. Now we should be glad to be informed, how these proceedings in essence sense and spirit, differ from a full ample and final denunciation of the law establishing the seat of Government.

We are not ignorant that in 1728/9 a controversy was forced on relative to this point. This dispute had its rise, like many of

more modern date, in consequence of ministerial Instructions which to borrow a phrase of the then House "are not pleasant to mention." — (257.) We are not unacquainted that his Majestys Attorney and Solicitor General were at this time consulted relative to our legal seat of Government. We also know that the then Governor (Burnet) treating upon the same subject informed the House of Representatives, that the *King Determined* the point," according to the Attorney General and "Solicitors opinion, that "the *SOLE power* of dissolving proroguing and adjourning the General Court or Assembly as to time or place is *IN HIS MAJESTYS GOVERNOR*, and that the reasons against it from the tenth of King William had no real foundation; *there being no clause in that "Act laying any such restraint upon the Governor."*

Here it should be well observed is not barely a tacit but an express declaration that the sole power of dissolving is "devolved entirely" upon, and exclusively vested "*in the Governor*" From hence in our opinion, this consequence unavoidably follows, that no Instructions orders or mandates whatever ought to direct and control *such power solely in the Governor*. For it is not merely absurd in theory, and most mischievous in practise, that an authority incapacitated by distance to Judge of local and other critical circumstances, should have a power to fix such an important movement, but moreover it is palpably contrariant to the plain words of the preceeding determination. We freely own it would have given us more satisfaction to have seen this opinion under the hand of those Lawyers. But we would here Gentlemen direct you carefully to notice and remember, that as we always expect to defend our own rights & libertys so we are unalterably fixed to Judge *for ourselves* of their real existence, agreeable to law. Yet as we believe this same opinion is far from being well grounded so we now offer a few comments thereon; for your future consideration. But let it be recorded that we enter upon this task, protesting against the pretended right or power of any Crown Lawyer, or any exterior authority upon Earth to determine limit or ascertain all or any of our constitutional or charteral, natural or civil political or sacred Rights liberties and privileges or immunities. These words there being no clause in the "Act of 10th. of William laying any such *constraints* upon the Governor" contained in the afore cited opinion are we conclude intended to convey that as the Kings *prerogative* to remove the (258.) General Court at pleasure is not by express words taken away so such a power remains inherent in the Crown. We do allow indeed that the Kings Prerogative was once thought "a topic too delicate and sacred to be profaned by the pen of a Subject, that it was ranked among the *areana imperii*, and like the misteries of the *bona dea* was not suffered to be pried into by any but such as were initiated into its Service: because perhaps the exertion of the one, like the solemnities of the other would not bear the inspection of a rational & sober enquiry" We also have heard that there hath been a British Potentate who "dared to direct on English Parliament to abstain from dircoursing of matters of state; that even that august assembly ought not to deal to Judge or to meddle with *Majestys Preroga-*

tire Royal” — and James the first with his high notions of the Divinity of regal sway, more than once laid it down in his speeches, that “as it was athesm and blasphem in a Creature to dispute what the Deity might do so it is presumption and sedition in a subject to dispute what a King might do in the height of his powers; Good Christians he adds will be content with Gods will revealed in his word, and good Subjects will rest in the Kings will, revealed in his Law” Surely when such mistical Jargon, such absurd and infamous rant was thus openly denounced in a Realm famed for understanding, freedom and true magnanimitie nothing except an ineffable contempt of the reigning Monarch diverted that indignant vengeance, which would otherwise have made his illustrious throne to tremble and hurl’d the Royal diadem from his forfeit head.

The Kings prerogative in its largest extent includes only certain rights and privileges which *by law* the King hath as a third power of the Commonwealth intrusted with the execution of *laws already in being*. This prerogative our law pronounces to be *solely governed by the laws of the land*; those being the measure as well of the Kings power as the Subjects obedience. For as the laws assert & bound the Just rights of the King; so they likewise declare & maintain the [259.] Rights and liberties of the people; hence it is adjudged law, that all prerogatives must be for the advantage and good of the people, otherwise such pretended prerogatives are to be allowed by law. Even our Crown Lawyers will inform us “that one of the principal bulwarks of civil liberty, or in other words of the British constitution is the limitation of the Kings prerogative by bounds so certain and notorious, that it is impossible he should ever exceed them, without the consent of the people on the one hand, or without on the other a violation of that original contract, which in all states implicitly and in ours most expressly subsists between the Prince and the Subject — And for a consideration of the extent and the restrictions of the Kings prerogative, this conclusion will evidently follow that the powers which are vested in the Crown by the Laws of England; are necessary for the support of society; and do not retrench any further on our *natural* rights then is expedient for the maintainance of our civil. Sir Henry Finch under Charles the first tho’ he lays down the law of prerogative in very strong and emphatical terms, yet qualifies it with a general restriction in regard to the liberties of the people — The King (says he) hath a prerogative in all things that are not injurious to the Subject, *in them all* it must be remembered, that the *Kings prerogative stretcheth* not to the doing of any wrong. And finally the best definition of the *prerogative*, which our law books afford is “that discretionary power of acting for the *public good* where the positive laws are silent and if this discretionary power be abused to the publick detriment, such *prerogative* is exerted in an unconstitutional manner.

We Gentlemen have been thus particular in our instructions on this head, because we apprehend that this point of prerogative thro’ great inattention hath been much mistaken; and also because

every *other* matter, set forth in the aforesaid opinion of Mr. Attorney and Solicitor General has been irrefragably confuted by diverse Judicious replys of succeeding houses of Assembly. Now the clear law laid down (to the spirit of which we do order you punctually to adhere) proves beyond a cavil, that if the late removal of our General Court was not against plain provincial law, yet that such removal is not only unwarrantable by the principles of Crown [260.] Law, but is directly repugnant to the fundamental institutions even of prerogative law — For will any one be so weak or wicked; nay, will even a Crown lawyer for his stipend or pension have the front publicly to maintain, that the late alteration of the seat of our General Assembly is “for the advantage and good of the people,” or “for the necessary support of society,” or that this assumed “prerogative stretcheth not to any wrong” “Now if all this and much more, is not maintained, then waving our provincial law relative to the seat of government, we with good authority say, that the holding the General Court, from its antient and proper station, is unwarrantable unconstitutional illegal and oppressive. We have given you Gentlemen our full sentiments touching this important concern, because you ought not to be at any loss how to conduct your self herein conformable to the Judgment of your Constituents. — But had we not here spoken so largely may had the express letter of the law been less favourable, & were it possible to romack up any absurd obsolete notion, which might have seemed calculated to propogate slavish doctrines, we should by no means have been influenced to forego our birth rights. For the prime and only reason which originated all laws, but more particularly and expressly the prerogative, was the general emolument of the state, and therefore when any pretended prerogatives do not advance this grand purpose, they have no legal obligation; and when any strictly Just prerogatives are exerted to promote any different design, they also cease to be binding. Indeed was a Solicitor General of Majesty in an express treatise “of the Kings prerogative will teach us” that mankind will not be reasoned out of the feelings of humanity nor will sacrifice their liberty by a scrupulous adherence to those political maxims, which were originally established to preserve it. —

The despicable situation of our provincial militia you will make the object of your peculiar attention; and as it is [261.] apparent From what putred source, this decline of military emulation hath flow'd we press, that such animated steps may be taken as shall speedily remove this Just reproach from the land. — When every method is obstinately pursued to enervate with forreign luxuries, every artifice practised to corrupt, in order to inslave, when we are denyed a free constitutional exercise of our rights as Men and Citizens; when high handed invasions are made on our property, and audacious attempts to intimidate not only from resistance but complaint; surely the constitutional watchmen and centinels of our liberties are asleep upon their stations, or traitors to the main body, if they do not rouse and risque from this insidious plot. —

As a laudable and voluntary renunciation of a baneful Com-

merce has naturally occasioned a general stagnation of trade ; and as the true riches of a people are numbers and industry we warmly recommend to you such measures as will tend to increase population, encourage industry and promote our own manufactures ; and as this is a very pacifick political devise for the defeat of our malicious foes, we presume it may be less obnoxious to the virulent slander of ministerial dependants — but these salutary methods of genuine policy ought never to exclude or supersede the more open, manly, bold and pertenacious exertions for our freedom.

One of the most weighty matters, which attracts our affection, and lies deep in the heart of every honest sensible American, is the firm and lasting union of the Colonies ; There is no one point which ought more to engage our affectionate zeal. Our enemies well knowing the consequence of this great acquisition, have bent their whole force to render it abortive. Without the least foundation Jealousies have been assiduously infused, diabolical falsehood forged, idle tales propogated, little discords fomented ; and every engine that fraud could invent, and hardy villains manage, has been set to work in order to retard if not utterly overthrow this desirable attainment, but all has not done it. The Eyes of our worthy Brethren thro' the Continent are open — yet as we know the plotting mallice inveteracy & indefatigable labour of the desperately wicked, we strongly inculcate that you be zealous to keep up a cordial intercourse, with our Sister Colonies ; and as our interests are so apparently inseparable, nothing but an intimate [262.] Communion is requisite to cement our political and natural attachment —

We have for a long time beheld with grief and astonishment the unwarrantable practise of ministerial instructions to the Commanders in Chief of this Province ; it is high time Gentlemen for this matter to be searched into and remedied. —

Such an enormous stretch of power, if much longer unchecked, will eventually annihilate the essentials of all civil liberty. It is repugnant to the very first principle of true government (which was alone instituted for the good of the governed) that a remote power not only much disconnected but often different in interests should undertake at pleasure to controul any command in affairs of the last moment for the benefit and relief of the people — a power 3000 transmarine miles distant, not only ignorant of our true welfare, but if perchance discovered interested to oppose it ; not only attempting to oppress, but actually oppressing — that such a power should be allowed, wontonly to proscribe patricians & plebeins, at will to fix the residence of our parliament ; to order that parliament when and how to proceed, and where to retire ; at one time to forbid the best improvement of our own produce, at another time effectually to force us to purchase forreign merchandize ; and again as it were sword in hand to demand our property ; and anon to forbid our own disposal of a certain part of it — these are doctrines & political solcisms which may take root and spring up, under the meridian of modern Rome ; but we trust in God will not flourish in the soil and climate of British America. We therefore strictly charge you not to grant any supplies to the instru-

ments of government if through their defect or misapplication the grand end for which we support and pay our Rulers are not accomplished. We also recommend to you carefully to enquire into the state of criminal [263.] Prosecution in our executive courts; and endeavor to revive the antient method of appointing the Attorney General, agreeable to charter; for we believe that such a step will be attended with very salutary consequences, in the advancement of public Justice, the punishment of offenders and the general good order of the Province —

Our choice of you Gentlemen to represent us at this hazardous Juncture is a sufficient evidence of our great dependence on your wise honest and steady conduct — We therefore leave all other matters to your best discretion and Judgment; till we shall see fit to give further instructions — We greatly confide that you will bear in strong remembrance, the hardships and sufferings of our pious fathers, to find out and purchase this remote assylum from ecclesiastical persecution and civil tyranny; that inspired by their glorious example, you will vigorously repel even unto the uttermost the insults and violences of internal and external enemies to our peace. We remind you that the further Nations recede and give way to the gigantick strides of any powerful Despot, the more rapidly will the Fiend advance to spread wide desolation; and then should an attempt be made to stay his ravaging progress — “the dogs of war let loose and hot for blood rush on to waste and havock! — *Obsta principiis* is the maxim to be held in view. It is now no time to halt between two opinions; the demands of fraud, violence and usurpation are unsatiable. It is therefore no season to stand listning to subtle allurements, deceitful cajolings, or formidable threatenings. We therefore enjoin you at all hazards to deport (as we rely your own hearts will stimulate) like the faithful Representatives of a freeborn, awakened and determined people — who being impregnated with the spirit of liberty in conception, and nurtured in principles of freedom from their infancy are resolved to breathe the same celestial ether, till summoned to resign the heavenly flame by that omnipotent God who gave it —

Committee to wait upon Mr. Lovel reported [295.] That they had waited upon him accordingly, and received for answer that he should comply with the Vote of the Town desiring him to pronounce an Oration on the 2d. of April next —

The Committee appointed on the 12th. Instant to Consider the request of a number of Persons that some steps may be taken to vindicate the Character of the Town Inhabitants, grossly injured by some partial and false Publications relative to the Tryals of Cap^t. Preston &c. — Report —

“That having made such enquiries and examinations as the short time allowed them would permit, it plainly appears to your Committee that the Character of the Inhabitants has been grossly injured in a Pamphlet entitled a Narrative of the Tryals &c. said to be printed by permission of the Hon^{ble}. Court, and also in several anonymous publications: This Pamphlet can be considered as no other than a mutilated and partial Account of the tryal of the Soldiers, some of the Evidences produced in Court being left out, as also what was offered in behalf of the Crown by Mr. Pain, while some Affidavits are found there which were not taken in Court in the course of these tryals: As to the Anonymous Publications they are evidently intended to mislead the People of the Colonies and the Mother Country into the apprehension that the Inhabitants of this Town were the Aggressors on the bloody Evening of the 5th. of March; that a plan had been formed to attack the Soldiery, and drive them from Boston *previous* to the

horred Massacre; that the Troops were accordingly *first* attacked by the Inhabitants, and the Party of Soldiers near the Custom House put into such imminent hazard of their lives as to Justify their firing upon the People, and the Slaughter that ensued; that the bringing Mr. Manwarren a Tide Water upon tryal for a supposed firing from the Custom House was without the least colour of Evidence to Justify it and a malicious proceeding, wholly calculated to bring disgrace upon the Commissioners of the Customs and their under Officers; and that consequently the Pamphlet entitled a Narrative of the horred [296.] Massacre &c. which was transmitted by order of the Town to a number of Lords and Gentlemen in Great Britain & Ireland was an imperfect erroneous account of the transactions on that dreadful Night, and quite undeserving the least share of Credit. —

Your Committee do not presume to give their Opinion whether these Matters may with propriety be taken up by the Town as no Town can be Justly chargeable with the Crimes real or supposed of a few of its Inhabitants — but if the Town should apprehend that the reputation and interest of the Inhabitants in general is in danger of eventually suffering on this occasion, and that it would not well become them to see even the Characters of a few Townsmen unjustly impeach'd and dishonored when they have it so much in their power to do them Justice:—Your Committee would then beg leave to recommend the appointment of another Committee who shall be directed to prepare and draw up a true and full account of those Tryals and what preceeded them, with Just and proper remarks thereon and on the misrepresentations contained in the several publications; which may serve as an Appendix to the Pamphlet before published by the Town; in this Report the manner of procedure on one side and the other in the choice of Jurors and Talesmen, — the Sentiments & prejudices which some of them discovered before the tryal; the Characters of several of the Witnesses, the discoveries which were offered to be made either in Court or to the Council on the part of the Crown which were not attended to; the Witnesses that were abroad or dead whose Affidavits were printed in the Towns Pamphlet, and other Evidences which were offered to the Council but not taken; the Lines drawn and stipulations made by the Council on each side previous to entring upon Action which any ways effected the Issue; and the political manoevers made by the Managers in the course [297.] of those Tryals shall be precisely stated. Your Committee are further of Opinion that said Committee in order to produce a clear and full vindication of the Town should be directed to apply unto two or more Majestrates, that the necessary affidavits may be taken in perpetuam, also to the several Gentlemen of the Law who were concerned or present at those Tryals, and even to the Hon^{ble}. Judges themselves, that so nothing may be asserted but can be well supported by good Evidences and Authority; when we doubt not your Committee will be able to make it manifest to the World; that the Executions of the Military on the Evening of the 5. of March 1770. were not more

unprecedented and barbarous than they were unnecessary and wanton — All which is submitted —

The Committee appointed to take into Consideration that Article in the Warrant of the 11. of March relating to the sweeping of Chimnies, have attended that Service and Report as follows — Viz^t. —

Supposing that there is 1800 Dwelling Houses, and that 3 Funnels be estimated to an House the number of Funnels would then be 5400 — and if necessary to be swept four times p Year would be equal to 21600 Funnels, which at the present price would amount to more than £1200 — and it is supposed, that it costs many who are careful to have their Chimnies swept 15/ or 16/ p Year; notwithstanding which by their Neighbors neglecting to sweep their Chimnies their Houses are constantly in more danger from such then from their own. And as many Plans have been proposed for the Consideration of the Town, and the mischieves complain'd of have not been prevented, which must appear notorious to the Inhabitants; Your Committee are of Opinion that if some such Plan as the following be come into, it would be found very beneficial to the Community, that the Expence arising by the sweeping of the Chimnies be paid by a Tax as the other charges of the Town — that there be a Master and six Sweepers, said Master to be a Man of a fair Character, and that will carefully attend the Business; and he to be allowed £100 — and for each of the Six Sweepers £50 — lawful Money p Year to be paid Quarterly which Sums make £400 — by which a saving will be made (supposing all the above Chimnies were swept as they ought to be) of £800—p Annum at least. The said Master to be [306.] Appointed by and under the direction of the Selectmen; and shall keep a Book of all the Dwelling Houses, the number of Funnels made use

of in each House and Ward, and that he begin with one Ward, sweep through, and so on minuting the time of sweeping in order to exhibit the same to the Selectmen; who shall draw upon the Treasurer once a quarter for the Sum of One hundred Pounds upon his rendring to them an Account to their satisfaction, that the Funnels have been swept in each Ward; and that if any Chimnies catch on fire by his neglecting to sweep the same, or by the carelessness of the Servants in sweeping that he be subject to a fine of — And that said Master provide the Books, suitable clothing and Implements for the sweepers, and all other Charges attending the same. Upon the above Plan it will turn out 12 Funnels p Day for each Sweeper, allowing him 300 — working Days which will compleat the above 21.600 Funnels. After tryal being made should it appear that there are more Houses & Funnels then in the above Estimate, in that case the Gentlemen the Selectmen may make such an allowance to the Master as will be in proportion to the above Plan —

ular manner and have examined the Vouchers produced by the Overseers of the Poor for the amount of their Drafts and every other branch of publick Charge amounting in all as above to £7525 ,, 2 ,, 4 $\frac{1}{4}$ as by Account of Town Treasury in the Town Treasurers Books balance whereof being £3074 ,, 2 ,, 10 $\frac{3}{4}$ is carried to Credit of New Account —

That it appears to your Committee that the Petitioner has not as yet pursued the steps of the Law in order to obtain a recompence for the loss of his Land &c. which they apprehend ought to be done so that those who are benefitted by his Lands may be legally assessed for the value thereof, — But if after such Assessment the Petitioner should apprehend he has sustained some extraordinary damage which the Jury could not find for him a Petition for such damage might then with more propriety come before the Town —

Voted that M^r. William Whitwell

be a standing Committee to inspect the State of the Town Treasury and from time to time to Report upon that and other Money matter; and if they see fit to apply to the Seclectmen for a Town Meeting to be called upon the same——

Voted that Mr. William Whitwell

Thomas Daws Esq.

Meletiah Bourn Esq.

Mr. Ezekiel Price

be and hereby are appointed a Committee to call upon the late Manufactory Company for the Moneys due from them to the Town, and if they do not pay the same, that they then apply to the Town Treasurer to bring an Action against them for the same——

The Committee appointed to Consider of the Petition of Mr. Jonathan Payson late one of the Collectors of Taxes in this Town referred to them the 11. of March last, now Report — [312.] —— That they have several times met the Petitioner, and patiently heard him relative to the subject matter of his Petition and the prayer thereof, they have also considered of his List of Outstanding Taxes, and several times met the Gentlemen the Assessors and heard them, and upon examining said List exhibited by the Petitioner find that the Sum of £10 ., 15 ., 1. contained in said List as Outstanding Debts was abated him by the Assessors a considerable time since, and as to many of the other Taxes in said List, if Mr. Payson never received them, the Committee apprehend it must be principally owing to his own negligence several of the Persons taxed were to the personal knowledge of the Committee then in good circumstances, and well able to pay, and as to some others in said List the Committee cannot but think the taxes might have been collected, otherwise the Assessors would not have continued taxing the same Persons year after year for three and four years successively when at the same time they were wholly unable to pay the Tax of the first year, for the Assessors have declared to the Committee that by the great importunity of Mr. Payson they have abated him equal if not more than they ever did to any other Collector, beside the Committee find that the Assessors on the 3^d. of March 1766. made a general & full Settlement with Mr. Payson on Account of Abatements for all taxes committed to him to Collect preceeding the Year 1764 — which Settlement the Assessors then entred in their Books, and in the words following viz^t. — Memorandum the above Abatements were allowed to Mr. Payson in consideration of Taxes abated him and no further to be allowed and is in full to December 31. 1764 exclusive the Tax for “1764” — This the Committee look upon to be a final Settlement, and that Mr. Payson can have no pretence to apply to the Town for any abatement of Taxes that preceeded that Year 1764. and most of the Taxes in his List for the following Years. its probable might have been collected, otherways the Assessors would [313.] Have abated them — Upon the whole the Committee are of Opinion that as Mr. Payson during the time he was Collector received of the Town £15000 — old Tenor or upwards for his Premiums

(in which is included his Premium for those very Sums that he Petitions may be abated him) if he has met with any loss it must be but small in proportion to the great benefit it has been to him, and the Committee apprehend that the sustaining Petitions of this kind will be opening such a Door, as will involve the Town in great difficulties hereafter — The Committee would therefore recommend it to the Town that said Petition be dismissed

Which Report being read — It was motioned, that the further Consideration of said Report be referred to the Adjournment and the Question being accordingly put — Passed in the Affirmative —

Voted, that this Meeting be Adjourned to the last Monday in June next — 10 O'Clock A : M : —

[316.] Praying that they would take the proper steps in order to obtain for him a recompence for the damage done him by the taking away his Lands and pulling down his Chimnies in Paddys Alley; and they having declined acting thereon; he had in consequence thereof commenced several Actions in the Law, against some of the Persons concerned in the Trespass of pulling the said Chimnies &c. — And that he gave the Town this information that they might take such measures relative thereto as the Town in their wisdom shall Judge proper — After considerable debate the Question was put agreeable to a Motion made — Whether it be the mind of the Town that this matter does now come properly before them at this Meeting — Passed in the Negative —

That we are of Opinion that it is highly necessary said new Street should be paved in order to make it passable for Carriages. We find that by an Act of the General Assembly when said new Street was laid out, that Benjamin Hallowell Esq. was ordered and did Agree to remove the paving Stones of the Old Street into the new at his Expense, but the replacing them was to be at the Expense of the Town. Mr. Halowell is now ready to comply with the aforesaid Order, as soon as the Town shall request it. The Street is about ten or eleven Rods long, and the paving Stones of the Old Street are Judged sufficient for half or a third of the new ——

The Committee Appointed to prepare Instructions for the Gentlemen who Represent the Town in the General Assembly Reported the following Draft, which being read & considered [356.] Paragraph by Paragraph, was unanimously accepted by the Town and are as follows Viz^t. —

To the Hon^{ble}. Thomas Cushing Esq. M^r. Samuel Adams The Hon^{ble} John Hancock Esq. and M^r William Phillips —
Gentlemen

The choice we have made of you to Represent us in the Assembly of the Commons of this Province at the ensuing Sessions of the General Court, is the strongest Testimony of the high Opinion which we entertain of your Abilities and Integrity; Nevertheless we think it our Duty at such a time as this when the very Being of our Constitution is so dangerously attacked, to express to you whom we have deputed & inpowered to act for us, the sense we have of the Oppressions which we suffer — No People were ever in circumstances more truly alarming than those in which the People of this Province now are An exterior Power claims a Right to govern us, & have for a number of Years been levying an illegal tax on us; whereby we are degraded from the rank of Free Subjects to the despicable Condition of Slaves. For its evident to the meanest Understanding that Great Britain can have no Right to take our Moneys from us without our consents unless we are her Slaves, unless our Bodys our Persons are her property she surely cannot have the least claim to dispose of our earnings, & tho. we have hitherto failed of success our applications for the redress of this cruil grievance we are still determined to exert our utmost efforts to break up this baneful source of Despotism & Misery. The attention of every one who has the least affection for his Country must be awakened to this important Subject when he sees [357.] The long train of evils which flow from it. We are especially under the most uneasy apprehensions from the repeated refusals of our Governor to accept of an honourable support from the People and we have the highest reason to believe that apart of the very Money unjustly taken from us is applyed to support him in a state of Independance upon the People over whom he presides — If this is the case our situation is truly deplorable. The same oppressions of which we so justly complain are made the support of the Man, who ought to exert his utmost power to obtain a redress of our Grievances. A Ruler Independent of the People over whom over whom he presides, is abhorrent to the Principles of a Free Government — Power without a Check is Tyranny, whoever is possessed of such a power is a Master instead of a Governor, and whoever submits to such a power is a Slave instead of a Subject. The intention & only reasonable end of Government is the happiness of Mankind; and every branch of a legal Government ought to be interested in the public welfare, & should have every possible inducement to study & promote the *good & happiness* of the

governed: But we fear that the Interest of this People and of the Gentleman who presides over us, are made as distinct & even as opposite as they possibly can be; and if we allow ourselves to form a Judgement from what has taken place since his Excellency's Accession to the Chair, our fears must be augmented & confirmed as the Administration of affairs has been altogether such as much necessarily have resulted from an opposition of interest and the Governors intire independancy on us — We shall mention to you a few striking Instances of the Justice of this remark We think it impossible that our Governor should be at liberty to consult like the Father of this People, their true Interest whilst he considers himself bound to obey Instructions sent to him from the other side of the Atlantic: For although he may know that doing any particular Act, would be beneficial to the People, & condusive to his Majestys service, yet if he is instructed to the contrary it must not be done [358.] But if he is Instructed to do an Act which he knows will be detrimental to the People and injurious to his Majestys service, yet according to this new System he must do it — every consideration of the fitness & reasonableness of the transaction is thrown aside, & whatever may be the consequences to King or People, the Governor must exercise the power committed to him not agreeable to his discretion and the apparent interest of the Province but according to the Instructions received from a Minister three thousand miles distant — Instructions are urged in excuse for almost everything of which we complain. By an Instruction our Legislative Body are restrained from Meeting at their ancient & established seat, contrary to their *inclination* so repeatedly declared to the Governor. By an Instruction our Fortress Castle William built and for a long time supported by the Province for its defence has been delivered to Troops over whom the Captain General of the Province has declared he has no controul; and who to appearance have taken more care to make it formidable to this Town, than to a Foreign Enemy — Under the Influence of an Instruction the Governor has refused his consent to a tax Bill for defraying the necessary Charges of Government because such Persons as the British Minister was pleased to point out, were not expressly exempted from bearing their due proportion of said Tax. And what seems to compleat our misfortune is, that an Instruction is pleaded for refusing a Grant for the payment of our Agents at the Court of Great Britain. Thus we are to be cut off, even from complaint that last resource of the wretched. His Excellency is Instructed not to sign any grant for the payment of an Agent, unless he is chosen by the three branches of the Legislature, he cannot consent to any one who is proscribed in his Instructions. It is against an Administration in which Lord Hillsborough & his Dependents are principal Actors that we complain [359.] But no one whom he disapproves must be allowed to manage our complaints. It is difficult to restrain our indignation at the gross affront offered to our Understandings in this affair. A Capacity but little remote from Idiotism, is sufficient to discover the fatal consequences of this Ministerial plot. —

The Town have in times past declared to their Representatives

their sense of the burthen laid upon the Commercial Interests of the Community by the extension of the powers of the Court of Admiralty. A Jurisdiction in its very nature repugnant to our Constitution & contrary to Magna Charta, as it invests one Judge appointed by the Crown with Authority to determine concerns the most important to the property and liberty of the Subject — And they expressed their sense of this Grievance as sharpened by the Contrast which appears in the same Statute between the Mother Country & the Colonies — For however it may be urged that the Court of Admiralty is established by the Charter of this Province yet by the same Charter the People of this Province are entitled to all the Liberties privileges & Immunities of free British Subjects — And to see the British Parliament by one and the same Statute, taking from the Colonies an important right namely TRIALS BY JURIES & securing that Right to themselves in cases of the same nature & importance must be deeply affecting to us. We take this opportunity of renewing our protestations against the powers of that Court which have already proved so vexatious to Persons concerned in trade; and in a very recent Instance according to the best information we are able to obtain, have been made use of to disturb & harrass the industrious Farmer, & which if not restrained bid fair to render all property either Real or Personal to the last degree precarious — Thus Gentlemen have we exhibited to you a view of many of the Grievances which distress this People: And we expect you will use your utmost Influence in the ensuing Session of the General Court to have them radically redressed; not doubting but you will receive the most ready and effectual assistance from those wise Patriots who are or shall be chosen [360.] To Represent our Brethren in the several Towns of this faithful Province — In particular we desire that you would use your influence that a Remonstrance be presented to his Majesty whose elevated station denominates him the Father of his People, and the tenor of whose Throne is the protection of his Subjects against the Oppressions which we suffer laying open to his view in the fullest and plainest manner the true state of this his Province of the Massachusetts Bay, & pleading with him with that freedom & firmness which the Justice of the cause & the exigencies of your Country demand. And that you may not fail of reaching the Royal Ear, we Instruct you to exert yourselves to procure a proper Grant from the House of Representatives for the payment of the Agents, who have served the Hon^{ble}. his Majestys Council & the Hon^{ble}. House of Representatives for some years past, & that you take timely care to know whether the same is concurred with and consented to by the other two Branches of the Legislature. And that if it is not, that you endeavor to obtain a Resolve of the House for a Brief for raising a Sum sufficient for defraying the charges of an Agency for the Year ensuing, that so we may at least in this way make use of our own Moneys to purchase an access to the Ear of our King. —

There are Gentlemen many other Matters of great Importance to the Province which will come before you; & we are happy that we can with confidence commit our concerns to you Having that

by the favor of Divine Providence you will be greatly Instrumental in restoring and securing both to us & our Posterity our violated Rights, thus only may we with reason expect to enjoy the invaluable Blessings of Harmony & good Government —

Upon a Motion made & Seconded. That they were not able at present to lay before the Town an Estimate of the Charge which will be necessarily incurred in effecting those Repairs, and therefore proposed to the Town that a large Committee be appointed to view the Premisses & to consider of the best Method to secure the Neck, as also of the Sum which will be necessary for the purpose aforesaid, and to Report the same as soon as may be

The Committee to prepare an Address to the Governor, Reported the following Draft Viz^t —

May it please your Excellency

The Freeholders and other Inhabitants of the Town of Boston legally Assembled in Faneuil Hall, beg leave to acquaint your Excellency, that a Report has prevailed, which they have reason to apprehend is well grounded, that Stipends are affixed to the Offices of the Judges of the Superior Court of Judicature of this Province whereby they are become Independents of the Grants of the General Assembly for their support; contrary to antient and invariable usage this Report has spread an alarm among all considerate Persons, who have heard of it, in Town and Country; being view'd as tending rapidly to compleat the System of their Slavery, which originated in the House of Commons of Great Britain assuming a power and authority to give and grant the Moneys of the Colonists without their consent, and against their repeated Remonstrances. And as the Judges hold their places during pleasure, this Establishment appears big with fatal evils, so obvious that it is needless to trepass on your Excellencys time in mentioning them — It is therefore the humble and earnest request of the Town that your Excellency would be pleased to inform them, whether you have received any such advise relating to a matter so deeply interesting to the Inhabitants of this Province which gives you assurance that such an Establishment has been or is likely to be made — The aforegoing Report having been considered, the Question was put — Whether the same shall be accepted,

The Committee to present the Governor an Address Reported the following answer which his Excellency delivered to them in Writing — Viz^t —

Gentlemen

It is by no means proper for me to lay before the Inhabitants of any Town whatsoever in consequence of their Votes and Proceedings in a Town Meeting any part of my Correspondence as Governor of this Province or to acquaint them whether I have or have not received any advice relating to the public Affairs of the Government. This reason alone if your Address to me had been in other respects unexceptionable, would have been sufficient to restrain me from complying with your desire —

I shall always be ready to gratify the Inhabitants of the Town of Boston upon every regular Application to me on business of public concernment to the Town as far as I shall have it in my power consistent with fidelity to the trust which his Majesty has reposed in me —

T: HUTCHINSON —

The foregoing answer, having been considered — [369.] It was moved and the Question put — Whether application shall be now made to his Excellency by the Town that he would be pleased to permit the General Assembly to meet at the time to which they stand prorogued, which passed in the Affermative *Nem Con'*. — It was then Voted, that

Upon a Motion made — Voted, that the Selectmen be added to the Committee relative to Beacon Hill —

The Committee chosen to prepare a Petition to the Governor, relative to the Meeting of the General Court — Reported the following Draft — Viz^t. —

The Petition of the Freeholders & other Inhabitants of the Town of Boston legally Assembled by Adjournment in Faneuil Hall on Fryday 30. of October 1772 —

[370.] Humbly Sheweth —

That your Petitioners are still greatly alarmed at the Report which has been prevalent of late Viz^t. That Stipends are affixed to the Offices of the Judges of the Superior Court of Judicature of this Province by Order of the Crown for their support —

Such an Establishment is contrary not only to the plain and obvious sense of the Charter of this Province but also some of the fundamental Principles of the Common Law, to the benefit of which all British Subjects, wherever dispersed throughout the British Empire are indubitably entitled —

Such a Jealousy have the Subjects in England for their Rights Liberties & Privileges, and so tender a regard has been shown them by his Majestys that notwithstanding the provision made at the Revolution that the Judges of the Kings Superior Court of Law there should hold their Commissions not at pleasure but during good behavior, and since that time for their support, His Majesty among other the first Acts of this Reign, was graciously pleased to recommend it to Parliment and an Act passed that their Commissions should not cease at the Demise of the King, whereby every thing possible in human wisdom seems to have been done to establish an impartiality in their decisions not only between Subject & Subject, but between the Crown and the Subject — of how much greater importance must it be to preserve from the least supposeable byas — the Judges of a Court, invested by the Laws of this Province which have been approved of by Majesty, with Powers “ as fully & amply to all intents and purposes whatsoever as the Court of Kings Bench, Common Pleas and Exchequer within his Majestys Kingdom of England have or ought to have ” —

Your Excellency will allow your Petitioners with [371.] Due Submission to repeat that the establishment appears to them pregnant with such fatal Evils as that the most distant thoughts of its taking effect fills their minds with dread and horror —

These Sir are the sentiments and apprehensions of this Metropolis expressed however with due deference to the Sentiments of the Province with which your Petitioners are anxiously solicitous of being made acquainted

It is therefore their earnest and humble request that your Excellency would be pleased to allow the General Assembly to meet at the time to which they now stand prorogued; in order that in that *Constitutional* Body, with whom it is to enquire into Grievances and Redress them, the Joint Wisdom of the Province may be employed, in deliberating and determining on a matter so important and alarming —

The Town having considered the foregoing Draft of a Petition to Governor Hutchinson — It was Voted, that the same be accepted, *Nem Con'*. also Voted, that —

William Phillips Esq.
The Hon^{ble}. James Otis Esq.
Mr. Samuel Adams
Mr. Timothy Newell
Dr. Benjamin Church
Dr. Joseph Warren
Coll^o. Thomas Marshall

be a Committee to present the Petition to his Excellency —

Voted, that this Meeting be Adjourned to Monday next 3. O'Clock P: M:

Monday November 2^d 3. O'Clock P: M: Met According to Adjournment

The Committee appointed to present a Petition [372.] To His Excellency the Governor of this Province, Reported and laid before the Town the following Reply which his Excellency had been pleased to deliver them in writing—Viz^t —
Gentlemen

The Royal Charter reserves to the Governor full power and authority from time to time, as he shall Judge necessary to Adjourn prorogue and dissolve the General Assembly

In the exercise of this Power both as to time and place I have always been governed by a regard to his Majestys Service and to the interest of the Province —

It did not appear to me necessary for those purposes that the Assembly should meet at the time to which it now stands prorogued, and before I was informed of your Address, I had determined to prorogue it to a further time —

The Reasons which you have advanced have not altered my Opinion. If not withstanding in compliance with your Petition I should alter my determination and meet the Assembly, contrary to my own Judgement at such time as you Judge necessary, I should in effect yield to you the exercise of that part of the prerogative and should be unable to Justify my conduct to the King — There would moreover be danger of encouraging the Inhabitants of the other Towns in the Province to Assemble from time to time in order to consider of the necessity or expediency of a Session of the General Assembly or to debate & transact other matters which the Law that authorises Towns to Assemble, does not make the business of a Town Meeting —

T. HUTCHINSON —

The foregoing Reply having been read several times and duly considered; it was moved & the Question accordingly put Whether the same be satisfactory to the Town; which passed in the Negative *Nem: Con'*. And thereupon —

[373.] RESOLVED as the Opinion of the Inhabitants of this Town that they have ever had, and ought to have a right to Petition the King or his Representatives for the Redress of such Grievances as they feel or for preventing of such as they have

reason to apprehend, and to communicate their Sentiment to other Towns

It was then moved by M^r Samuel Adams, That a Committee of Correspondence be appointed to consist of twenty one Persons — to state the Rights of the Colonists and of this Province in particular, as Men, as Christians, and as Subjects; to communicate and publish the same to the several Towns in this Province and to the World as the sense of this Town, with the Infringements and Violations thereof that have been, or from time to time may be made — Also requesting of each Town a free communication of their Sentiments on this Subject — And the Question being accordingly put — Passed in the Affirmative. *Nem. On a Motion made, Voted, that the Town Clerk be and hereby is directed to Attest, the State of Rights, and the Enumeration [376.] Of the Violations thereof; as has been accepted by the Town

It was then moved and obtained, that the Town Clerk be directed to sign the aforementioned Letter of Correspondence and forward as many of the same to the Selectmen of each Town, as the Committee shall think proper and direct —

Voted, that the Thanks of the Town be and hereby are given to the Hon^{ble}. John Hancock Esq. the Moderator of this Meeting for dispatching the Business thereof —

Then the Meeting was dissolved.

The Votes and Proceedings of the Town at their late Meeting the 20. November 1772 were by Order of the Town, published in a Pamphlet, one of which was sent to each Town in the Province, and the same as accepted by said Meeting, is as follows Viz^t —

1st. Natural Rights of the Colonists as Men. —

Among the natural Rights of the Colonists are these *First*. a Right to *Life*; *Secondly* to *Liberty*; *thirdly* to *Property*; together with the Right to support and defend them in the best manner they can — Those are evident Branches of, rather than deductions from the Duty of Self Preservation, commonly called the first Law of Nature —

All Men have a Right to remain in a State of Nature as long as they please: And in case of intollerable Oppression, Civil or Religious, to leave the Society they belong to, and enter into another. —

When Men enter into Society, it is by voluntary consent; and they have a right to demand and insist upon the performance of such conditions, And previous limitations as form an equitable *original compact*. —

Every natural Right not expressly given up or from the nature of a Social Compact necessarily ceded remains. —

All positive and civil laws, should conform as far as possible, to the Law of natural reason and equity. —

As neither reason requires, nor religion permits the contrary, every Man living in or out of a state of civil society, has a right peaceably and quietly to worship God according to the dictates of his conscience. —

“Just and true liberty, equal and impartial liberty” in matters spiritual and temporal, is a thing that all Men are clearly entitled to, by the eternal and immutable laws [378.] Of God and nature, as well as by the law of Nations, & all well grounded municipal laws, which must have their foundation in the former. —

In regard to Religion, mutual toleration in the different professions thereof, is what all good and candid minds in all ages have ever practiced; and both by precept and example inculcated on mankind: And it is now generally agreed among christians that this spirit of toleration in the fullest extent consistent with the being of civil society “is the chief characteristic mark of the true church” & In so much that M^r. Lock has asserted, and proved beyond the possibility of contradiction on any solid ground, that such toleration ought to be extended to all whose doctrines are not subversive of society. The only Sects which he thinks ought to be, and which by all wise laws are excluded from such toleration, are those who teach Doctrines subversive of the Civil Government under which they live. The Roman Catholicks or Papists are excluded by reason of such Doctrines as these “that Princes excommunicated may be deposed, and those they call *Hereticks* may be destroyed without mercy; besides their recognizing the Pope in so absolute a manner, in subversion of Government, by introducing as far as possible into the states, under

whose protection they enjoy life, liberty and property, that soleism in politicks, Imperium in imperio* leading directly to the worst anarchy and confusion, civil discord, war and blood shed —

The natural liberty of Men by entering into society is abridg'd or restrained so far only as is necessary for the

See Locks Letters on Toleration

[379.] Great end of Society the best good of the whole —

In the state of nature, every man is under God, Judge and sole Judge, of his own rights and the injuries done him: By entering into society, he agrees to an Arbiter or indifferent Judge between him and his neighbours; but he no more renounces his original right, than by taking a cause out of the ordinary course of law, and leaving the decision to Referees or indifferent Arbitrations. In the last case he must pay the Referees for time and trouble; he should be also willing to pay his Just quota for the support of government, the law and constitution; the end of which is to furnish indifferent and impartial Judges in all cases that may happen, whether civil ecclesiastical, marine or military. —

“The natural liberty of man is to be free from any superior power on earth, and not to be under the will or legislative authority of man; but only to have the law of nature for his rule.” —

In the state of nature men may as the *Patriarchs* did, employ hired servants for the defence of their lives, liberty and property: and they should pay them reasonable wages. Government was instituted for the purposes of common defence; and those who hold the reins of government have an equitable natural right to an honourable support from the same principle “that the labourer is worthy of his hire” but then the same community which they serve, ought to be assessors of their pay: Governors have no right to seek what they please; by this, instead of being content with the station assigned them. that of honourable servants of the society, they would soon become [380.] Absolute masters, Despots, and Tyrants. Hence as a private man has a right to say, what wages he will give in his private affairs, so has a Community to determine what they will give and grant of their Substance, for the Administration of publick affairs. And in both cases more are ready generally to offer their Service at the proposed and stipulated price, than are able and willing to perform their duty. —

In short it is the greatest absurdity to suppose it in the power of one or any number of men at the entering into society, to renounce their essential natural rights, or the means of preserving those rights when the great end of civil government from the very nature of its institution is for the support, protection and defence of those very rights: the principal of which as is before observed, are life liberty and property. If men through fear, fraud or mistake, should *in terms* renounce & give up any essential natural right, the eternal law of reason and the great end of society, would absolutely vacate such renunciation; the right to freedom being *the gift* of God Almighty, it is not in the power of Man to alienate this gift, and voluntarily become a slave —

2^d. *The Rights of the Colonists as Christians* —

These may be best understood by reading — and carefully studying the institutes of the great Lawgiver and head of the Christian Church: which are to be found closely written and promulgated in the *New Testament* —

By the Act of the British Parliament commonly called the Toleration Act, every Subject in England [381.] Except Papists &c was restored to, and re-established in, his natural right to worship God according to the dictates of his own conscience. And by the Charter of this Province it is granted ordained and established that it is declared as an original right) that there shall be liberty of conscience allowed in the worship of God, to all christians except Papists, inhabiting or which shall inhabit or be resident within said Province or Territory. *Magna Charta itself is in substance but a constrained Declaration, or proclamation, and promulgation in the name of King, Lord, and Commons of the sense the latter had of their original inherent, indefeazible natural Rights,† as also those of free Citizens equally perdurable with the other. That great author that great jurist, and even that Court writer Mr. Justice Blackstone holds that this recognition was justly obtained of King John sword in hand: and peradventure it must be one day sword in hand again rescued and preserved from total destruction and oblivion. —

3^d. *The Rights of the Colonists as Subjects*

A Common Wealth or state is a body politick or civil society of men, united together to promote their mutual safety and prosperity, by means of their union ‡

The *absolute Rights* of Englishmen, and all freemen in or out of Civil society, are principally, *personal security personal liberty and private property*.

All Persons born in the British American Colonies are by the laws of God and nature, and by the Common law of England, *exclusive of all charters from the Crown*, well

[382.] Entitled, and by Acts of the British Parliament are declared to be entitled to all the natural essential, inherent & inseperable Rights Liberties and Privileges of Subjects born in Great Britain, or within the Realm. Among those Rights are the following; which no men or body of men, consistently with their own rights as men and citizens or members of society, can for themselves give up, or take away from others

First, "The first fundamental positive law of all Commonwealths or States, is the establishing the legislative power; as the first fundamental *natural* law also, which is to govern even the legislative power itself, is the preservation of the Society."§

Secondly, The Legislative has no right to absolute arbitrary power over the lives and fortunes of the people: Nor can mortals

assume a prerogative, not only too high for men, but for Angels; and therefore reserved for the exercise of the *Deity* alone. —

“The Legislative cannot Justly *assume* to itself a power to rule by extempore arbitrary decrees; but it is bound to see that Justice is dispensed, and that the rights of the subjects be decided, by promulgated, standing and known laws, and authorized *independent Judges* ;” that is independent as far as possible of Prince or People. “*There shall be one rule of Justice for rich and poor; for the favorite in Court, and the Countryman at the Plough*”*

Thirdly, The supreme power cannot Justly take from any man, any part of his property without his consent, in person or by his Representative. —

These are some of the first principles of natural law & Justice, and the great Barriers of all free states, and of the British

[383.] Constitution in particular. It is utterly irreconcilable to these principles, and to many other fundamental maxims of the common law, common sense and reason, that a British house of commons, should have a right, at pleasure, to give and grant the property of the Colonists. That these Colonists are well entitled to all the essential rights, liberties and privileges of men and freemen, born in Britain, is manifest, not only from the Colony charter, in general, but acts of the British Parliament. The statute of the 13th of George 2. c 7. naturalizes even foreigners after seven years residence. The words of the Massachusetts Charter are there, “And further our will and pleasure is, and we do hereby for us, our heirs and successors, grant establish and ordain, that all and every of the subjects of us, our heirs and successors, which shall go to and inhabit within our said province or territory and every of their children which shall happen to be born there, or on the seas in going thither, or returning from thence shall have and enjoy, all liberties and immunities of free and natural subjects within any of the dominions of us, our heirs and successors, to all intents constructions & purposes whatsoever as if they and every of them were born within this our Realm of England.” Now what liberty can there be, where property is taken away without consent? Can it be said with any colour of truth and Justice, that this Continent of three thousand miles in length, and of a breadth as yet unexplored, in which however, its supposed, there are five millions of people, has the least voice, vote or influence in the decisions of the British Parliament? Have they, all together, any more right or power to return a single number to that house of commons, who have not inadvertently, but deliberately assumed a power to dispose of their lives,† Liberties and properties, then to choose an

[384.] Emperor of China! Had the Colonists a right to return members to the british parliament, it would only be hurtful; as from their local situation and circumstances it is impossible they should be ever truly and properly represented there. The inhabitants of this country in all probability in a few years will be more numerous, than those of Great Britain and Ireland together;

* Locke —

† See the Act of the last Session, relating to the Kings Dock Yards —

yet it is absurdly expected by the promoters of the present measures, that these, with their posterity to all generations, should be easy while their property, shall be disposed of by a house of commons at three thousand miles distant from them; and who cannot be supposed to have the least care or concern for their real interest: Who have not only no natural care for their interest, but must be *in effect* bribed against it; as every burden they lay on the colonists is so much saved or gained to themselves. Hitherto many of the Colonists have been free from Quit Rents; but if the breath of a british house of commons can originate an act for taking away all our money, our lands will go next or be subject to rack rents from haughty and relentless landlords who will ride at ease, while we are trodden in the dirt. The Colonists have been branded with the odious names of traitors and rebels, only for complaining of their grievances; How long such treatment will, or ought to born is submitted.

A List of Infringements & Violations of Rights

We cannot help thinking, that an enumeration of some of the most open infringements of our rights, will by every candid Person be Judged sufficient to Justify whatever measures have been already taken, or may be thought proper to be taken, in order to obtain a redress of the Grievances under which we labour. Among many others we [385.] Humbly conceive, that the following will not fail to excite the attention of all who consider themselves interested in the happiness and freedom of mankind in general, and of this continent and province in particular. —

1st The British Parliament have assumed the power of legislation for the Colonists in all cases whatsoever, without obtaining the consent of the Inhabitants, which is ever essentially necessary to the right establishment of such a legislative —

2^d They have exerted that assumed power, in raising a Revenue in the Colonies without their consent; thereby depriving them of that right which every man has to keep his own earnings in his own hands untill he shall in person, or by his Representative, think fit to part with the whole or any portion of it. This infringement is the more extraordinary, when we consider the laudable care which the British House of Commons have taken to reserve intirely and absolutely to themselves the powers of giving and granting moneys. They not only insist on originating every money bill in their own house, but will not even allow the House of Lords to make an amendment in these bills. So tenacious are they of this privilege, so jealous of any infringement of the sole & absolute right the people have to dispose of their own money. And what renders this infringement the more grievous is, that what of our earnings still remains in our own hands is in a great measure deprived of its value, so long as the British Parliament continue to claim and exercise this power of taxing us; for we cannot Justly call that *our* property which *others* may, when they please take away from us against our will. —

In this respect we are treated with less decency and regard than the Romans shewed even to the Provinces which [386.] They had conquered. *They* only determined upon the sum which each should furnish, and left every Province to raise it in the manner most easy and convenient to themselves —

3^d A number of new Officers, unknown in the Charter of this Province, have been appointed to superintend this Revenue, whereas by our Charter the Great & General Court or Assembly of this Province has the sole right of appointing all civil officers, excepting only such officers, the election and constitution of whom is in said charter expressly excepted; among whom these Officers are not included. —

4th These Officers are by their Commission invested with powers altogether unconstitutional, and entirely destructive to that security which we have a right to enjoy; and to the last degree dangerous, not only to our property; but to our lives: For the Commissioners of his Majestys customs in America, or any three of them, are by their Commission impowered, “by writing under their hands and seales to constitute and appoint inferior Officers in all and singular the Port within the limits of their commissions” Each of these petty officers so made is intrusted with power more absolute and arbitrary than ought to be lodged in the hands of any man or body of men whatsoever; for in the commission aforementioned, his Majesty gives & grants unto his said Commissioners, or any three of them, and to all and every the Collectors Deputy Collectors, Ministers, Servants, and all other Officers serving and attending in all and every the Ports and other places within the limits of their Commission, full power and authority from time to time, at their and any of their wills and pleasures, as well [387.] By Night as by day to enter and go on board any Ship, Boat, or other Vessel, riding lying or being within, or coming into any Port, Harbour, Creek or Haven, within the limits of their commission; and also in the day time to go into any house, shop, cellar, or any other place. where any goods wares or merchandizes lie concealed, or are *suspected* to lie concealed, whereof the customs & other duties, have not been, or shall not be, duly paid and truly satisfied, answered or paid unto the Collectors, Deputy Collectors, Ministers, Servants, and other Officers respectively, or otherwise agreed for; and the said house, shop, warehouse, cellar, and other place to search and survey, and all and every the boxes, trunks, chests and packs then and there found to break open.” —

Thus our houses and even our bed chambers, are exposed to be ransacked, our boxes chests & trunks broke open ravaged and plundered by wretches, whom no prudent man would venture to employ even as menial servants; whenever they are pleased to say they *suspect* there are in the house wares &c for which the duties have not been paid. Flagrant instances of the wanton exercise of this power, have frequently happened in this and other sea port Towns. By this we are cut off from that domestick security which renders the lives of the most unhappy in some measure agreeable. Those Officers may under colour of law and the cloak of a general warrant, break thro’ the sacred rights of the *Domicil*, ransack

mens houses, destroy their securities, carry off their property, and with little danger to themselves commit the most horred murders. —

And we complain of it as a further grievance, that notwithstanding by the Charter of this Province, the Governor and the Great and General Court or Assembly of this [388.] Province or Territory, for the time being shall have full power and authority, from time to time, to make, ordain and establish all manner of wholesome and reasonable laws, orders, statutes, and ordinances, directions and instructions, and that if the same shall not within the term of three years after presenting the same to his Majesty in privy council be disallowed, they shall be and continue in full force and effect, untill the same shall be repealed by the Great and General Assembly of this Province: Yet the Parliament of Great Britain have rendered or attempted to render, null and void a law of this Province made and passed in the Reign of his late Majesty George the first, intituled “An Act stating the Fees of the Custom-house Officers within this Province” and by meer dint of power, in violation of the Charter aforesaid, established other and exorbitant fees, for the same Officers; any law of the Province to the contrary notwithstanding. —

5th. Fleets and Armies have been introduced to support these unconstitutional Officers in collecting and managing this unconstitutional Revenue; and troops have been quarter’d in this Metropolis for that purpose. Introducing and quartering standing Armies in a free Country in times of peace without the consent of the people either by themselves or by their Representatives, is, and always has been deemed a violation of their rights as free-men; and of the Charter or Compact made between the King of Great Britain, and the People of this Province, whereby all the rights of British Subjects are confirmed to us. —

6th. The Revenue arising from this tax unconstitutionally laid, and committed to the management of persons arbitrarily appointed and supported by an armed force quartered in a free [389.] City, has been in part applyed to the most destructive purposes. It is absolutely necessary in a mixt government like that of this Province, that a due proportion or balance of power should be established among the several branches of legislative. Our Ancestors received from King William & Queen Mary a Charter by which it was understood by both parties in the contract, that such a proportion or balance was fixed; and therefore every thing which renders any one branch of the Legislative more independent of the other two than it was originally designed, is an alteration of the constitution as settled by the Charter; and as it has been untill the establishment of this Revenue, the constant practise of the General Assembly to provide for the support of Government, so it is an essential part of our constitution, as it is a necessary means of preserving an *equilibrium*, without which we cannot continue a free state. —

In particular it has always been held, that the dependence of the Governor of this Province upon the General Assembly for his support, was necessary for the preservation of this *equilibrium*;

nevertheless his Majesty has been pleased to apply fifteen hundred pounds sterling annually out of the American revenue, for the support of the Governor of this Province independent of the Assembly, whereby the ancient connection between him and this people is weakened, the confidence in the Governor lessened and the equilibrium destroyed, and the constitution essentially altered. —

And we look upon it highly probable from the best intelligence we have been able to obtain, that not only our Governor and Lieuvetenant Governor, but the Judges of the Superior Court of Judicature, as also the Kings Attorney and Solicitor General are to receive their support from this [390.] Grievous tribute. This will if accomplished compleat our slavery. For if taxes are raised from us by the Parliament of Great Britain without our consent, and the men on whose opinions and decisions our properties liberties and lives, in a great measure depend, receive their support from the Revenues arising from these taxes, we cannot, when we think on the depravity of mankind, avoid looking with horror on the danger to which we are exposed? The British Parliament have shewn their wisdom in making the Judges there as independent as possible both on the Prince and People, both for place and support: But our Judges hold their Commissions only during pleasure; the granting them salaries out of this Revenue is rendering them independent on the Crown for their support. The King upon his first accession to the Throne, for giving the last hand to the independency of the Judges in England, not only upon himself but his Successors by recommending and consenting to an act of Parliament, by which the Judges are continued in office, notwithstanding the demise of a King, which vacates all other Commissions, was applauded by the whole Nation. How alarming must it then be to the Inhabitants of this Province, to find so wide a difference made between the Subjects in Britain and America, as the rendering the Judges here altogether dependent on the Crown for their support. —

7th. We find ourselves greatly oppressed by Instructions sent to our Governor from the Court of Great Britain, whereby the first branch of our legislature is made merely a ministerial engine. And the Province has already felt such effects from these Instructions, as [391.] We think Justly intitle us to say that they threaten an entire destruction of our liberties, and must soon, if not checked, render every branch of our Government a useless burthen upon the people. We shall point out some of the alarming effects of these Instructions which have already taken place. —

In consequence of Instructions, the Governor has called and adjourned our General Assemblies to a place highly inconvenient to the Members and grately disadvantageous to the interest of the Province, even against his own declared intention —

In consequence of Instructions, the Assembly has been prorogued from time to time, when the important concerns of the Province required their Meeting —

In obedience to Instructions, the General Assembly was Anno

1768 dissolved by Governor Bernard, because they would not consent to *rescind* the resolution of a *former* house, and thereby sacrifice the rights of their constituents. —

By an Instruction, the honourable his Majesty Council are forbid to meet and transact matters of publick concern as a Council of advice to the Governor, unless called by the Governor; and if they should from a zealous regard to the interest of the Province so meet at any time, the Governor is ordered to negative them at the next Election of Councillors. And although by the Charter of this Province the Great & General Court have full power and authority to impose taxes upon the estates and persons of all and every the proprietors and inhabitants of this Province, yet the Governor has been forbidden to give his consent to act imposing a tax for the necessary support of government, unless such persons as were pointed out [392.] In the said instruction, were exempted from paying their Just proportion of said tax —

His Excellency has also pleaded Instructions for giving up the provincial fortress, Castle William into the hands of troops, over whom he had declared he had no controul (and that at a time when they were menacing the Slaughter of the Inhabitants of the Town, and our Streets were stained with the blood which they had barbariously shed) Thus our Governor, appointed and paid from Great Britain with money forced from us, is made an instrument of totally preventing or at least of rendering, every attempt of the other two branches of the Legislative in favor of a distressed and wronged people: And least the complaints naturally occasioned by such oppression should excite compassion in the Royal breast, and induce his Majesty seriously to set about relieving us from the cruel bondage and insults which we his loyal Subjects have so long suffered, the Governor is forbidden to consent to the payment of an Agent to represent our grievances at the Court of Great Britain, unless he the Governor consent to his election, and we very well knew what *the man must be* to whose appointment a Governor in such circumstances will consent —

While we are mentioning the infringement of the rights of this Colony in particular by means of Instructions, we cannot help calling to remembrance the late unexampled suspension of the legislative of a Sister Colony, *New York* by force of an Instruction, untill they should comply with an Arbitrary Act of the [393.] British Parliament for quartering troops, designed by military execution, to enforce the raising of a tribute. —

8th. The extending the power of the Courts of Vice Admiralty to so enormous a degree as deprives the people in the Colonies in a great measure of their inestimable right to tryals by *Juries*: which has ever been justly considered as the grand Bulwark and security of English property.

This alone is sufficient to rouse our jealousy: And we are again obliged to take notice of the remarkable contrast, which the British Parliament have been pleased to exhibit between the Subjects in Great Britain & the Colonies. In the same Statute, by which they give up to the decision of one dependent interested Judge of Admiralty the estates and properties of the Colonists, they ex-

pressly guard the estates & properties of the people of Great Britain; for all forfeitures & penalties inflicted by the Statute of George the Third, or any other Act of Parliament relative to the trade of the Colonies, may be sued for in any Court of Admiralty in the Colonies; but all penalties and forfeitures which shall be incurred in great Britain, may be sued for in any of his Majestys Courts of Record in Westminster or in the Court of Exchequer in Scotland, respectively. Thus our Birth Rights are taken from us; and that too with every mark of indignity, insult and contempt. We may be harrassed and dragged from one part of the Continent to the other (which some of our Brethren here and in the Country Towns already have been) and finally be deprived of our whole property, by the arbitrary determination of one biassed, capricious Judge of the Admiralty. —

9th. The restraining us from erecting Stilling Mills for manufacturing our Iron the natural produce of this Country, [394.] Is an infringement of that right with which God and nature have invested us, to make use of our skill and industry in procuring the necessaries and conveniences of life. And we look upon the restraint laid upon the manufacture and transportation of Hatts to be altogether unreasonable and grievous. Although by the Charter all Havens Rivers, Ports, Waters &c are expressly granted the Inhabitants of the Province and their Successors, to their only proper use and behoof forever, yet the British Parliament passed an Act, whereby they restrain us from carrying our Wool. the produce of our own farms, even over a ferry; whereby the Inhabitants have often been put to the expence of carrying a Bag of Wool near an hundred miles by land, when passing over a River or Water of one quarter of a mile, of which the Province are the absolute Proprietors, would have prevented all that trouble. —

10th. The Act passed in the last Session of the British Parliament, intituled, *An Act for the better preserving his Majestys Dock Yards, Magazines, Ships, Ammunition and Stores*, is, as we apprehend a violent infringement of our Rights. By this Act any one of us may be taken from his Family, and carried to any part of Great Britain, there to be tried whenever it shall be pretended that he has been concerned in burning or otherwise destroying any Boat or Vessel, or any Materials for building &c. any Naval or Victualling Store &c. belonging to his Majesty. For by this Act all Persons in the Realm, or in any of the places thereto belonging (under which denomination we know the Colonies are meant to be included) may be indicted and tryed either in any County or Shire within this Realm, in like manner and form as if the offence had been committed in said County, as his Majesty and his Successors may deem [395.] Most expedient. Thus we are not only deprived of our grand right to *tryal by our Peers in the Vicinity*, but any Person suspected, or pretended to be suspected, may be hurried to Great Britain, to take his tryal in any County the King or his Successors shall please to direct; where, innocent or guilty he is in great danger of being condemned; and whether condemned or acquitted he will probably be ruined by the expense attending the tryal, and his long absence from his Family and business; and we

have the strongest reason to apprehend that we shall soon experience the fatal effects of this Act, as about the year 1769 the British Parliament passed Resolves for taking up a number of Persons in the Colonies and carrying them to Great Britain for trial, pretending that they were authorised so to do, by a Statute passed in the Reign of Henry the Eighth, in which they say the Colonies were included, although the Act was passed long before any Colonies were settled, or even in contemplation. —

11th. As our Ancestors came over to this Country that they might not only enjoy their civil but their religious rights, and particularly desired to be free from the Prelates, who in those times cruelly persecuted all who differed in sentiment from the established Church; we cannot see without concern the various attempts, which have been made and are now making, to establish an American Episcopate. Our Episcopal Brethren of the Colonies do enjoy, and rightfully ought ever to enjoy, the free exercise of their religion, we cannot help fearing that they who are so warmly contending for such an establishment, have views altogether inconsistent with the universal and peaceful enjoyment of our christian privileges: And doing or attempting to do any thing which has even the remotest tendency to endanger this enjoyment, is Justly looked upon a great grievance, and also an infringement of our [396.] Rights, which is not barely to exercise, but peaceably & securely to enjoy, that liberty wherewith CHRIST has made us free. —

And we are further of Opinion, that no power on Earth can justly give either temporal or spiritual Jurisdiction within this Province, except the Great & General Court. We think therefore that every design for establishing the Jurisdiction of a Bishop in this Province, is a design both against our Civil and Religious rights: And we are well informed, that the more candid and Judicious of our Brethren of the Church of England in this and the other Colonies, both Clergy and Laity, conceive of the establishing an American Episcopate both unnecessary and unreasonable. —

12th Another Grievance under which we labour is the frequent alteration of the bounds of the Colonies by decisions before the King and Council, explanatory of former grants and Charters. This not only subjects Men to live under a constitution to which they have not consented, which in itself is a great Grievance; but moreover under color, that the *right of Soil* is affected by such declarations, some Governors, or Ministers, or both in conjunction, have pretended to Grant in consequence of a Mandamus many thousands of Acres of Lands appropriated near a Century past; and rendered valuable by the labours of the present Cultivators and their Ancestors. There are very notable instances of Settlers, who having first purchased the Soil of the Natives, have at considerable expence obtained confirmation of title from this Province; and on being transferred to the Jurisdiction of the Province of *New Hampshire* have been put to the trouble and cost of a new Grant or confirmation from thence; and after all this there has been a third declaration of Royal Will, that they should thence forth be

considered as pertaining [397.] To the Province of *New York*. The troubles, expences and dangers which hundreds have been put to on such occasions, cannot here be recited; but so much may be said, that they have been most cruelly harrassed, and even threatened with a military force, to dragoon them into a compliance, with the most unreasonable demands.

A Letter of Correspondence to the other Towns.

Boston November 20 : 1772

Gentlemen We the Freeholders and other Inhabitants of *Boston* in Town Meeting duly Assembled, according to Law, apprehending there is abundant to be alarmed at the plan of *Despotism*, which the enemies of our invaluable rights have concerted, is rapidly hastening to a completion, can no longer conceal our impatience under a constant, unremitted, uniform aim to enslave us, or confide in an Administration which threatens us with certain and inevitable destruction. But, when in addition to the repeated inroads made upon the Rights and Liberties of the Colonists, and of those in this Province in particular, we reflect on the late extraordinary measure in affixing stipends or Salaries from the Crown to the Offices of the Judges of the Superior Court of Judicature, making them not only intirely independent of the people, whose lives and properties are so much in their power, but absolutely dependent on the Crown (which may hereafter, be worn by a *Tyrant*) both for their appointment and support, we cannot but be extremely alarmed at the mischievous tendency of this innovation; which in our opinion is directly contrary to the spirit of the British Constitution, pregnant with innumerable evils, and hath a direct tendency [398.] To deprive us of every thing valuable as Men, as Christians and as Subjects, entitled, by the Royal Charter, to all the Rights, liberties and privileges of native Britons. Such being the critical state of this Province, we think it our duty on this truly distressing occasion, to ask you, What can withstand the Attacks of mere power? What can preserve the liberties of the Subject, when the Barriers of the Constitution are taken away? The Town of Boston consulting on the matter above mentioned, thought proper to make application to the Governor by a Committee; requesting his Excellency to communicate such intelligence as he might have received relative to the report of the Judges having their support independent of the grants of this Province a Copy of which you have herewith in Paper N. 1. To which we received as answer the Paper N. 2. The Town on further deliberation, thought it advisable to refer the matter to the Great and General Assembly; and accordingly in a second address as N. 3 they requested his Excellency that the General Court might Convene at the time to which they then stood prorogued; to which the Town received the reply as in N. 4. in which we are acquainted with his intentions further to prorogue the General Assembly, which has since taken place. Thus Gentlemen it is evident his Excellency declines giving the least satisfaction as to the matter in request. The affair being of publick concernment, the Town of Boston thought it necessary to

consult with their Brethren throughout the Province; and for this purpose appointed a Committee, to communicate with our fellow Sufferers, respecting this recent instance of oppression, as well as the many other violations of our Rights under which we have groaned for several Years past — This Committee have briefly [399.] Recapitulated the sense we have of our invaluable Rights as Men, as Christians, and as Subjects; and wherein we conceive those Rights to have been violated, which we are desirous may be laid before your Town, that the subject may be weighed as its importance requires, and the collected wisdom of the whole People, as far as possible, be obtained, on a deliberation of such great and lasting moment as to involve in it the fate of all our Posterity — Great pains has been taken to persuade the British Administration to think that the good People of this Province in general are quiet and undisturbed at the late measures; and that any uneasiness that appears, arises from a few factious designing and disaffected men. This renders it the more necessary, that the sense of the People should be explicitly declared. — A free communication of your sentiments to this Town, of our common danger, is earnestly solicited and will be gratefully received. If you concur with us in opinion, that our Rights are properly stated, and that the several Acts of Parliament, and Measures of Administration, pointed out by us are subversive of these Rights, you will doubtless think it of the utmost importance that we stand firm as one man, to recover and support them; and to take such measures by directing our Representatives, or otherwise, as your wisdom and fortitude shall dictate, to rescue from impending ruin our happy and glorious constitution. But if it should be the general voice of this Province, that the Rights as we have stated them, do not belong to us; or that the several measures of Administration in the British Court, are no violations of these Rights, or that if they are thus violated or infringed, they are not worth contending for, or resolutely maintaining; — should this be the general voice of the [400.] Province, we must be resigned to our wretched fate; but shall forever lament the extinction of that generous ardor for Civil and Religious liberty, which in the face of every danger, and even death itself, induced our fathers to forsake the bosom of their Native Country, and begin a settlement on bare Creation — But we trust this cannot be the case: We are sure your wisdom, your regard to yourselves and the rising Generation, cannot suffer you to dose, or set supinely indifferent on the brink of destruction, while the Iron hand of oppression is daily tearing the choicest Fruit from the fair Tree of Liberty, planted by our worthy Predecessors, at the expence of their treasure, & abundantly water'd with their blood — It is an observation of an eminent Patriot, that a People long inured to hardships, loose by degrees the very notions of liberty; they look upon themselves as Creatures *at mercy*, and that all impositions laid on by superior hands, are legal and obligatory. — But thank Heaven this is not yet verified in *America*! We have yet some share of publick virtue remaining: we are not afraid of poverty, but disdain slavery. — The fate of Nations is so Precarious and resolutions in States so

often take place at an unexpected moment, when the hand of power by fraud or flattery, has secured every Avenue of retreat, and the minds of the Subject debased to its purpose, that it becomes every will wisher to his Country, while it has any remains of freedom, to keep an Eagle Eye upon every innovation and stretch of power, in those that have the rule over us. A recent instance of this we have in the late Revolutions in *Sweden*, by which the Prince once subject to the laws of the State, has been able of a sudden to declare himself an absolute Monarch The Sweeds were once a free, martial and valient people: [401.] Their minds are now so debased, that they rejoice at being subject to the caprice and arbitrary power of a Tyrant & kiss their Chains. It makes us shudder to think, the late measures of Administration may be productive of the like Catastrophe; which Heaven forbid! — Let us consider Brethren, we are struggling for our best Birth Rights & Inheritance; which being infringed, renders all our blessings precarious in their enjoyments, and consequently trifling in their value. Let us disappoint the Men who are raising themselves on the ruin of this Country. Let us convince every Invader of our freedom, that we will be as free as the Constitution our Fathers recognized, will Justify. —

“Thirdly that the Inhabitants thus Assembled advanced and afterwards, published to the World such principles as have a direct tendency to alienate the Affections of the People from their Sovereign. And he plainly asserts that “they denied in the most express terms the supremacy of Parliament, and invited every other Town and District in the Province to adopt the same Principles” —

“We have therefore thought it necessary to recur to the methods taken for calling said Meeting And we find that three Petitions were preferred to the Selectmen signed by 198 respectable Inhabitants making mention of a Report that then prevailed and which since appears to have been well grounded, that Salaries were allowed to be paid to the Justices of the Superior Court of the Province by Order of the Crown; whereby they were to be made totally independent of the General Assembly and absolutely dependent on the Crown: And setting forth their apprehensions that such an establishment would give a finishing stroke to the system of tyranny already began, and compleat the ruin of the liberties of the People. And therefore earnestly requesting the Selectmen to call a Meeting that this matter might be duly considered by the Town, and such measures taken as the necessity and importance thereof required. Whereupon the Selectmen issued a Warrant for calling a Meeting accordingly: And which was [425.] Strictly agreeable to the Laws of this Province, and the practice of this and other Towns from the earliest times —

“By an Act of this Province made in the fourth of William & Mary, it is enacted that, “when and so often as there shall be occasion of a Town Meeting of any business of publick concernment to the Town there to be done, the Constable or Constables of such Town by order of the Selectmen, or the major part of them, or the Town Clerk by their order, in each respective Town within the Province shall warn a Meeting of such Towns.” And by another Act made in the 2^d. George I. it is enacted, “that when and so often as ten or more of the Freeholders, shall signify under their hands to the Selectmen, their desire to have any matter or thing inserted into a Warrant for calling a Town Meeting, the Selectmen are hereby required to insert the Same in the next Warrant they shall issue for the calling a Town Meeting” —

“But were there no such laws of the Province or should our Enemies pervert these and other laws made for the same purpose, from their plain and obvious intent and meaning, still there is the

great and perpetual law of self preservation, to which every natural Person or Corporate Body hath an inherent right to recur. This being the law of the Creator, no human law can be of force against it: And indeed it is an absurdity to suppose that any such law could be made by common consent, which alone gives validity to Human laws. If then the "*matter or thing*"—Viz^t. the fixing Salaries to the Offices of the Judges of the Superior Court as aforesaid, was such as threatened the lives, liberties and propertys of the People which we have the authority of the greatest Assembly of the Province to affirm; the Inhabitants of this or any other Town, had certainly an uncontrovertible right to meet together, either in the manner the law has prescribed, or in any other orderly manner, Jointly to consult the necessary means of their own [426.] Preservation and safety. The Petitioners wisely chose the rule of the Province law by applying to the Selectmen for a Meeting; and they as it was their duty to do, followed the same rule and called a Meeting accordingly. We are therefore not a little surprised, that his Excellency speaking of this and other principal Towns, should descend to such an artful use of words; that "a *number of Inhabitants* have assembled together, and having assumed the name of a legal Town Meeting" &c. thereby appearing to have a design to lead an inattentive reader to believe, that no regard was had to the laws of the Province, in calling these Meetings, and consequently to consider them as illegal & disorderly—

"The Inhabitants being met and for the purpose aforesaid the points determined his Excellency says "were such as the law gives the Inhabitants of Towns in their Corporate Capasity no power to act upon." It would be a sufficient Justification of the Town to say, that no law *forbids* the Inhabitants of Towns in their Corporate capasities to determine such points as were then determined. And if there was no positive legal restraint upon their conduct it was doing them an essential injury, to represent it to the world as *illegal*. Where the law makes no special provision for the common safety, the People have a right to consult their own preservation; and the necessary means to withstand a most dangerous attack of Arbitrary power, At such a time it is but a pitiful objection to their thus doing, that the Law has not expressly given them a power to act upon such points. This is the very language of Tyranny: And when such objections are offered to prevent the Peoples Meeting together in a time of publick danger, it affords of itself Just grounds of Jealousy, that a plan is laid for their Slavery—

[427.] The Town entered upon an enquiry into the Grounds of a report, in which the common safety was very greatly interested. They made their application to the Governor, a *Fellow Citizen* as well as the first Majestrate of the Province: But they were informed by his Excellency that "it was by no means proper for him" to acquaint *them* whether he had or had not received any advices relating to the publick affairs of the Government of the Province" There next determination was to Petition the Governor, that the General Assembly might be allowed.

to meet at the time to which it then stood prorogued: But his Excellency refused to grant this request least it should be "encouraging the Inhabitants of other Towns to Assemble," to consider of the necessity or expediency of a Session of the General Assembly." Hitherto the Town had determined upon no point but only that of petitioning the Governor: And will his Excellency or any one else affirm, that the Inhabitants of this or any other Town, have not a right in their Corporate capacity to petition for a Session of the General Assembly, merely because the law of this Province, that authorizes Towns to Assemble does not expressly make *that* the business of a Town Meeting.

It is the declaration of the Bill of Rights founded in reason that it is the right of the Subject to Petition the King: And it appears in his Excellencys answer, that the Inhabitants of this Town were in effect denied in one instance at least the right of petitioning his Majestys Representative. Which was the more grievous to them, because the prayer of their petition was nothing more, than that the General Assembly might have the opportunity of enquiring of the Governor into the grounds of the report of an intollerable grievance which his Excellency had before strongly intimated to them, it was not in his power to inform *them of*, "consistent with fidelity to the trust which his Majesty had reposed in him" —

[428.] "We have been the more particular in reciting the transactions of that Meeting thus far, in order that the propriety and necessity of the further proceedings of the same Meeting may appear in a true point of light

"His Excellency having thus frowned upon the reasonable Petitions of the Town; and they having the strongest apprehensions, that in addition to or rather in consequence of other Grievances not redressed, a mortal wound would very soon be given to the Civil Constitution of the Province and having no assurance of the timely interposition of the General Assembly, to whose wisdom they were earnestly solicitous to refer the whole matter; the Town thought it expedient to state as far as they were able the Rights of the Colonists, and of this Province, to enumerate the infringements on those Rights, and in a Circular Letter to each of the Towns and Districts in the Province to submit the same to their consideration: That the Subject might be weighed as its importance required, and the collected wisdom of the whole People as far as possible obtained. At the same time *not* "calling upon" those Towns and Districts, "to adopt their principles" as his Excellency in one of his Speeches affirms; but only informing them that "a free communication of their sentiments to this Town of our common danger, was earnestly solicited and would be gratefully received. We may Justly affirm that the Town had a right at that Meeting to communicate their sentiments of matters which so nearly concerned the publick liberty and consequently their own preservation. They were matters to use the words of the Province Law of "publick concernment" to this and every other Town, and every Individual in the Province: Any attempt therefore to obstruct the channel of publick [429.] Intelligence in this way,

argues in our opinion a design to keep the People in ignorance of their danger, that they may be the more easily and speedily enslaved —

It is notorious to all the World, that the liberties of this Continent and especially of this Province have been *systematically*, and successfully invaded from step to step. It is not then to say the least, Justifiable in any Towns as *being part of the great whole*, when the last effort of Tyranny is about to be made, to spread the earliest notice of it far and wide, and hold up the *iniquitous* System in full view. It is a great satisfaction to us, that so many of the respectable Towns in the Province, and we may add Gentlemen of figure in other Colonies, have expressed and continue to express themselves much pleased with the measure: And we encourage ourselves, that from the *manifest discovery* of an union of sentiments, in this Province, which has been one happy fruit of it, there will be the united efforts of *the whole* in all constitutional and proper methods to prevent the entire ruin of our liberties —

“His Excellency is pleased to say in one of his Speeches that the Town have “denied in the most express terms the Supremicy of Parliament” —It is fortunate for the Town, that they made choice of the very mode of expression which the present House of Representatives in their wisdom made use of in settling the matters of controversy between the Governor and them. And after what they have advanced upon the Subject, it appears to us impossible to be shown that the Parliament of Great Britain can exercise the “power of legislation for the Colonists in all cases whatever,” consistently with the right that belongs to the Colonists as Men, as Christians & as Subjects; or without destroying the foundation of their own Constitution [430.] If the assertion that the Parliament hath no right to exercise a power in cases where it is plain they have no right, hath a direct tendency to alienate the affections of the People from their Sovereign, because he is a constituent part of that Parliament which seems to be his Excellencies manner of reasoning, it follows as we conceive that there must never be a complaint of any assumption of power in the Parliament, or petition for repeal of any law made repugnant to the Constitution least it should tend to alienate the affections of the People from their Sovereign. But we have a better opinion of our fellow Subjects then to concede to such conclusions. We are assured they can clearly see that a mistake in principle may be consistent with integrity of heart; & for our parts we shall ever be inclined to attribute the Grievances of various kinds which his Majestys American Subjects have so long suffered, to the weakness or wickedness of his Ministers and Servants, and not to any disposition in *him* to injure them. And we yet perswade ourselves that could the Petitions of his much aggrieved Subjects be transmitted to his Majesty, through the hands of an honest impartial Minister, we should not fail of ample Redress —

“His Excellencys Argument seems to us to be rather strained, when he is attempting to shew that we have “invited every other

Town and District to adopt our Principles." It is this the Town says "if it should be the general voice of the Province, that the Rights as stated do not belong to them (trusting however that this cannot be the case) they shall lament the extinction of ardour of Civil & Religious liberty; *therefore* says his Excellency, the Town invited to adopt their principles! Could it possibly be supposed that when his Excellency had declared to the whole Province, that [431.] We had invited every other Town and District in this Province to adopt the same principles, he intended to avail himself of such an explanation! Much the same way of reasoning follows—Tho' it would not be to the reputation of the other Towns if it should have any weight.) That because their consequent doings were similar to those of this Town, *therefore* they understood y^t. they were invited to *adopt* the same principles, and *therefore* they were thus invited to adopt them. —

Upon the whole there can be no room to doubt, but that every Town which has thought it expedient to Correspond with this on the occasion, have acted *their own* Judgement & expressed *their own* sentiments & principles: It is an unspeakable satisfaction to us, that their sentiments so nearly accord with ours; and it adds a dignity to our proceedings, that when the House of Representatives were called upon by the Governor to bear their testimony against them, as of a "dangerous nature & tendency *they* saw reason to declare" — that they had not discovered that the Principles advanced by the Town of Boston were unwarrantable by the Constitution —

The foregoing Report was accepted by the Town *nemine contradicente*. and Ordered to be Recorded on the Towns Book, as the sense of the Inhabitants of this Town —

Voted, that the said Report be printed in the several News Papers, and that the Committee of Correspondence be directed to transmit a printed Copy thereof to such Towns and Districts as they have or may Correspond with —

The Committee appointed to consider the Petition of a number of Inhabitants "that Hog Alley may be disposed of or some method taken to carry off the filth and waste Water which greatly incommodes the Abutters" — to view the Premises and to examine into the Title of the Town to said Alley and to Report [432.] At the Adjournment — gave in the following Report —

That in pursuance of their trust they have viewed Hog Alley, and the Land Adjoining and near the same, and find that said Alley now is and many years past has been a great Nuisance to the Abutters and many others; the Committee also find that it has been occasioned by the alteration of the old natural course of the Water which used to run from Beacon Hill down to the Gate entering into the Common a little below Sheriff Greanleaff's Garden, or near to it, and that from thence there was a large Water course running down and terminating in a Pond which bears near South of Frog Pond. —

The Committee further Report that on the 22^d. of September 1701. the Selectmen were impowored to affix & assign Names to the several Streets And Lanes in this Town, and on the Spring of the

Year 1708. having taken such Account Hog Alley is mentioned among the rest and by the Town Recorded but we do not find that Hog Alley was ever given or sold to the Town or any wise claimed by the Town or as a Town way; for in the Year 1702 there was no such Alley, and one Durant then sold to Thomas Blin (under whom Mess^{rs}. Brimmers Claim) a p^{ce}ll of Land part of said Durants Pasture lying to the North of his Message called the Lamb and bounds his Grant Southerly upon his own Land from Newbury Street to the Common we also find that the strip of Land called Hog Alley was left out of said Blins own Land (as we suppose for his own convenience) and that that Alley way was left out as aforesaid between the Years 1702 & 1708. so that the Committee are further of opinion that the only proper as well as the cheapest way to carry the Water from against Winter Street to the said Gate or near it, is to continue the paved Gutter next the Mall opposite to Winter Street down to or near the Gate aforesaid, and there to conduct [433.] The Water under a Stone Bridge three feet wide across the Mall and thereby the Water will be carried off in its former natural course into the Pond aforesaid the which heretofore being obstructed, has occasioned the nuisance aforesaid and also has very much hurt and injured the Towns Land by the School house, which has rendred the Road along there frequently almost impossible: We are also of opinion that the fee of Hog Alley is in Mess^{rs}. Brimmers, and who as they will be accomodated by the Removal of the Fence North of said Alley are willing to lay as much Gravel as will to all intents prevent any inconvenience to those who hold under Durant or any of the Vicinity there and which will ever preserve the Mali intire and prevent further charge —

BENJAMIN KENT p. Order.

The foregoing Report having been read and debate had thereon, — A Motion was made that said Report be recommitted, which did not obtain, -- the Question being then put — Whether the Report shall be accepted — Passed in the Affirmative

Mr. John Coply chosen a Warden for the Year ensuing, having acquainted the Town that he was about leaving the Province for some time; and desiring to be excused he was accordingly excused —

Upon a Motion made, Voted, that the Thanks of the Town be given Mr. James Richardson for his good services as a Fire-Ward, several Years past —

[434.] The Town brought in their Votes for one Fire Ward in the room of Mr. James Richardson, who had resigned and upon sorting them it appeared that

Mr. John Coffin

was chosen a Fire-Ward for the ensuing Year —

The Committee appointed to consider, "Whether it will not be more for the safety and preservation of the Town, that Pumps be fixed at the Mill Bridge or some other places to be used in times of Fire" now Report —

That they have attended that service and are unanimously of opinion, that it will tend greatly for the preservation of the Towns & safety in a time of Fire to have two Pumps fixed at the Mill bridge, one on each side and two at the Draw bridge in the same manner. The Committee having viewed said Bridges & the Mill Creek find very convenient places where said Pumps may be fixed, without any inconvenience to the Inhabitants, or to Carriages passing over said Bridges one of which the Committee propose shall be in the House or Shed lately erected at the Mill Bridge for the new Engine given to the Town by the Hon^{ble}. John Hancock Esq. —

The Committee have also procured an estimate of the expence that will arise if the Town shall think proper to have said Pumps, and it will be about Seven Pounds lawful Money for each Pump, the whole charges of the Pump maker, Blacksmiths and Carpenters being included in this sum —

The Committee also Report that they Judge it necessary, another Pump about midway between the 1. Bridge on the Southwest side of the Creek should be fixed, as there are a great number of large Wooden [435.] Houses and Buildings in that Neighbourhood, & few of them have Wells and Pumps, and in case of a Fire thereabouts the chief supply of Water must be from the Creek, and if a Pump should be fixed there, it would prevent great destruction in a time of Fire, and this the Committee would recommend provided the Inhabitants and Proprietors of Houses who are near will at their own Expence fill up and keep in Repair the Passage Way belonging to the Town that leads to the place where this Pump is proposed to be fixed —

All which is submitted in the name of the Committee —

E. GOLDTHWAIT.

The foregoing Report having been read & considered it was Voted, the same be accepted, and that the Selectmen be directed to procure Pumps and fix them at the Places mentioned in the Report as soon as may be —

The Committee appointed to prepare Instructions for the Representatives, Reported the following Draught —

To the Hon^{ble}. Thomas Cushing Esq.
 M^r. Samuel Adams
 Hon^{ble}. John Hancock Esq.

William Phillips Esq.
Representatives for the Town of Boston —

Gentlemen

By the renewed Suffrages of your Brethren of this Town, you are once more called upon to Represent them in the General Assembly: The unanimity so conspicuous in your Election at this important Juncture affords the strongest Testimony of the confidence the People repose in your approved Abilities, and inflexible Attachment to their Constitutional Rights. —

Your Constituents have beheld with indignation that purposed neglect and insolent contempt with which the Representative Body of this People have been regarded by Administration. A total inattention to the privileges of the Commons in America has disgraced almost every transaction, that materially effected the Colonies: [444.] A clandestine, capricious and destructive mode of Government, couch'd under the specious umbrage of Instructions from Majesty, has been uniformly adopted and wantonly exercised for several Years past, thereby rendering the Assemblys of Commons throughout the Colonies, mere Cyphers in the Constitution: For this reason Gentlemen, *we were almost discouraged from renewing the choice of Members, as ineffectual for the several purposes for which they were originally ordain'd;* but still retaining respect to that good and orderly Government, which has ever distinguished this Metropolis; agreeable to the Charter, which on *our* parts remains inviolate, we *once* more recommend the important concerns of this aggrieved People, to your vigilance, wisdom and integrity; in confidence that you will regard with Jealousy, *your own* constitutional power & importance of which the honor and welfare of this People, should render you extremely tenacious; that you will vigorously oppose any incroachments on your ancient privileges and never will betray your Constituents, by surrendering those powers of framing Laws & Taxes for the People to any Usurper under Heaven —

The Constitutional mode by which Legislation & Taxation are conducted in Great Britain, being nothing more or less than the exercise of the power of the People by their Representatives: This form of Government is extended by sacred compact to the English Dominions in America, therefore the Privileges and Powers of the Commons of this Colony respecting Legislation and Taxation are to all intents and purposes, as full express and uncontrollable within the *Colony* as those usually exercised by the Commons of Great Britain within the *Realm* and *alike* subjected [445.] To the Revision of the King: These Powers and Privileges were secured to our Ancestors, by solem Covenant between them, and the King of England, and perpetuated by their Charter to their latest Posterity: From the free and full enjoyment of these original Rights of English Subjects, we are determined never to recede; and altho' they have been repeatedly and daringly invaded, the hand of Oppression shall never induce us to relinquish our title to freedom: We still perceive with indignation that the Governmental powers of Legislation & Taxation by Arbitrary claim are assumed, and vigorously exercised by those who by their local

situation can have no adequate knowledge of our circumstances, no kindred feelings in our distresses, and when swayed by a *corrupt influence*, may impoverish weaken and enslave us —

To the numberless grievances flowing from this iniquitous source, which we have already frequently and fruitlessly complained of, we may Justly add a stipendary Soldierly stationed and continued in the chief Fortress in the Metropolis of this Colonie by the inexorable Enemies to our free Constitution: Standing Armies have forever made Shipwreck of Free States and no People Jealous of their liberties ever patiently suffered Mercenary Troops to be quarter'd & maintained within their Populous Cities; the Militia of the Colony are its natural and best defence; and it is an approved maxim in all well policed States, that the Sword should never be intrusted but to those who combat *pro aris et focis*; and whose interest it is to preserve the publick peace. We cannot therefore but resent those Standing Troops within our Capital Cities, as the appointed Executioners of Tyranny, and prepared Instruments to massacre the defenceless Citizens, at the nod of any Master who [446.] May have Authority to appoint or discharge, reward or punish them —

Thus armed with Brutal force the Enemies of our freedom persevere with alacrity, to compleat their infernal plan of enslaving America; the above atrocious violations of Right, Justice and the Constitution are succeeded by the pensioning our Governor the Justices of the Superior Court &c. which in effect is bribing them on the side of Despotism: Those who by their several Offices should be the Asylum of publick security & liberty, are no longer the objects of confidence and regard with the People; we cannot but esteem them as subordinate Tyrants intrusted with a Rod to scourge us, and suppress that spirit of freedom which is the glorious characteristic of America. While they are thus purchased with ample Salaries extorted from the Colonies by Great Britain, we must be Jealous of a corrupt influence, when ever an Arbitrary measure of Government is to be carried, or a Claim of Right subjected to the Division of our Courts of Justice —

We shall not recapitulate the black Catalogue of abuses which the Colonies have been subjected to for several years past; that we have suffered them so long is disgraceful to us: But we cannot pass over in silence the late extraordinary and formidable innovation in constituting an Arbitrary Court of Inquisition, which has lately assumed Jurisdiction within our Sister Colony of Rhode Island, in direct violation of all law and Justice; who arrogate the enormous power to transport supposed Offenders to a remote Kingdom, to be *capitally arraigned* for offences committed within that Colony. Agreeable to the [447.] Constitution of the Colonies, said Court in the exercise of such extravagant powers, are to be held in the same contempt and detestation, with a *Banditti of Slave Makers on the Coast of Affrica*. We therefore expect you make due enquiry into a Measure so truly alarming & protest against every exertion of lawless power, which threatens the ruin of the Colonies —

Harrassed and provoked by such repeated abuses of power, we

esteem it our indispensable duty to demand redress; to your Wisdom and your fortitude we commit ourselves not doubting you will readily pursue such measures as have a tendency to relieve us in the most *easy* and *effectual* manner; for this purpose we recommend to your most serious consideration whether an application to the English Colonies on this Continent correspondent to the plan proposed by our *noble patriotick* Sister Colony of Virginia (which in our opinion is a wise and salutary proposal) will not secure our threatned liberties, and restore that mutual harmony and confidence between the British Nation & the English Colonies, so important to both especially the *former*, which if rescinded from her Connections with *this Continent*, must naturally fall a prey to her numerous & Jealous Neighbours. We have likewise the most sanguine expectations that a *Union of Councils and Conduct* among the *Colonies* will assuredly by the smiles of Heaven fix our Rights on such a solid basis, as may intimidate our implacable Enemies from any further attempts to invade them —

The foregoing Report having been read & considered & the Question put — Whether the same shall be accepted & [448.] Be the Instructions to our Representatives — It was Voted, unanimously that said Report be accepted, and printed in the several News Papers —

himself with sundry Fines Rents and other Incomes of the Town ; as also with the Tax of £6500 — all of which amounts to the sum of 13299 ,, 5 ,, 0½ including the balance of Old Accompt —

And the said Treasurer discharges himself by sundry Abate-ments made the Collectors amounting to £1045 ,, 13 ,, 7 ,, by Drafts made by the Selectmen amounting to 2952 ,, 5 ,, 1½ of which he has paid £2759 ,, 12 ,, 8½ — And by Drafts made by the Overseers of the Poor, which contain the Charges of the Alms-house, amounting to £3355 ,, 5 ,, 11. of which he has paid £25½ ,, 8 ,, 1. Also by sundry Sums paid for Interest amounting to £444 ,, 9 ,, 2, the whole amounting to £7797 ,, 13 ,, 9½ —

The said Committee have inspected said Drafts in a very particular manner, and have examined the Vouchers produced by the Overseers of the Poor for the amount of their Drafts, in *a very particular manner* and every other branch of Public charge amounting in all as above to Seven thousand & seven hundred & ninety seven Pounds thirteen Shillings, and nine Pence half Penny [450.] As by Account of Town Treasury in Town Treasurers Books ; Balance whereof being £5501 ,, 11 ,, 3. is carried to the Credit of New Accompt —

The Committee are of opinion that white Globe Lamps will answer better than Square ones, being cheaper in the first cost, yeilding a better light, and less liable to be out of order

As there is no doubt the General Court will readily comply with our reasonable request in making such Laws as shall be necessary, therefore recommend that the Committee appointed to Collect the Money subscribed by the Inhabitants be desired to compleat the same as soon as may be & deposite the same in the Town Treasury, ready for the order of the Committee, that may be appointed to purchase the Lamps and Erect them. If the Money should be Collected soon its supposed the Lamps may be light next Fall —

be a Committee to make draught of a Bill for regulating Lamps &c. which draft they are desired to hand into the Representatives of this Town as soon as possible —

The Committee appointed to consider the Petition [453.] Of a number of the Inhabitants "that Sea Street may be thoroughly repaired," Report— That they have attended that service and upon searching the Records, find that on the 31. of October 1683 — the Town laid out the Street within mentioned of fifty feet in wedth, and at the same time granted, all the Flatts and Lands below said High Way into the Sea, unto the Proprietors of the Lands, who were Abutters on said Way in an equal proportion to their several fronts on said Ways; always provided that said Proprietors & Abutters maintain in good Repair the said Way at their proper cast and charge — The Committee also find that on 21. of May 1736. on the Petition of the Proprietors and Inhabitants of Land in said Sea Street, the Town then reduced the wedth of said Street from fifty feet as it was originally laid out, to thirty five Feet the present wedth thereof, but upon this Condition that the same Street be kept and maintained in good Repair, open free and unincumbred at the proper cost and charge of the Proprietors and Abutters on said Street for the use of the Town forever — By this reduction of the wedth of the Street, the Proprietors of the Lands there had a great addition made to the value of their Estates, and are therefore under a double obligation (as the Committee apprehend) to keep and maintain the same in good Repair at their own cost and charge, and upon their default herein, All the Lands and Flatts below said Street of thirty five Feet in wedth, must revert to the Town and as some parts of it are much out of repair, the Town will take such steps thereupon as may be Judged necessary

In the Name of the Committee

EZEKIAL GOLDTHWAIT —

The foregoing Report having been read and debate had thereon, the Question was put — "Whether the Town will accept of said Report — Passed in the Affermative —"

[454.] A Motion made that the Selectmen be directed to apply to proper Persons for the Repairs of Sea Street which are now in such a condition as to be liable to a presentment, and that they dispose of so much of the forfeited Flatts &c. as shall be sufficient to defrey the charge of Repairs &c. — but the Question not being put It was Voted, that the further consideration of the methods to be taken with the delinquent Abutters for the putting said Street in good Repair be referred to the Adjournment —

Voted, that this Meeting be Adjourned to Fryday the 14. Instant 3. O'Clock P: M: And the Meeting was accordingly Adjourned —

Friday 14. of May 3. O'Clock P: M: Met according to Adjournment —

Mr. Samuel Adams the Moderator of this Meeting having acquainted the Town in writing, that he was prevented by indisposition of Body from attending his duty at the Meeting, the Town proceeded to the choice of another Moderator, and the Votes being brought in and sorted, it appeared, that William Phillips Esq. was chosen —

Voted, that the Selectmen be and they hereby are appointed to act upon the List of Jurors

The Committee appointed "to view the Neck and consider of the best method to secure the same, as also of the Sum which will be necessary for this purpose" — Report —

[455.] That having viewed the Premises, and considered what Repairs are necessary, and what would be the cost thereof, Your Committee are of Opinion, that to repair the breach made on the East side of the Neck in a proper & effectual manner, would occasion a very great Expence, while the advantages arising from it will be but trifling; and although it continues in its present state, it is, probable that very little of the Land will be diminished; As to the damage which may be done to the payment, by any extraordinary high Tides a Trifling Expence may from time to time repair the same, untill the Circumstances of the Town will better allow of, a thorough Repair to the Dam &c.

With respect to the West side of the Neck we think it necessary in order to prevent the Land from being washed away and the Pavement greatly injured, that there be a Stone Wall laid to extend about 40 or 50 Rod from the Stone Wall now at the West side close along by the Towns Lands which will be a sufficient security to the Land and pavement on that side the Neck, the Expence whereof may be about One hundred Pounds lawful Money, — In behalf of the Committee —

JOHN SCOLLAY Chairman

The foregoing Report having been read, and debate had thereon, the Question was put — "Whether the same shall be accepted — Passed in the Negative —

It was then moved and seconded, that the Selectmen be desired to make such Repairs for the security of that part of the Neck proposed in said Report to be secured as to them may appear absolutely necessary, provided the Expence does not exceed, Fifty Pounds lawful Money —

The foregoing Motion was withdrawn, and a Motion made to reconsider the Vote for not accepting the Report of [456.] The Committee on Boston Neck, whereupon it was Voted that the same be Re-considered, and that the Report of said Committee be accepted, and the Gentlemen the Selectmen desired to carry said Report into execution —

The Committee appointed "to examine the Books of the late Linnen Manufactory Company so called, they consenting thereto; and to ascertain the amount of Stock in their hands, when the Company discontinued the Manufactory, and also to take an account of the Utensils then in their possession and the value of the same" — Reported, That after the best enquiry they have been able to make they cannot find the same Companys Books, and therefore cannot ascertain the facts as directed by the Town, excepting from a Memorandum taken from the Books formerly by Mr. Edward Payne which is now offered to the Town —

The Committee beg leave to inform the Town that there are in the hands and at the disposal of the Survivors of said Company two Stocking Looms, one Cauldron, and some Worsteds Combs be-

sides other Utensils said to be in the hands of Mr. John Brown, valued as follows Viz^t.

2 Stocking Looms - - - - -	£20 —

	£ 119 .. 5 .. 6½

Sundry other Articles to a considerable value belonging to the Manufactory, which the Managers will do all in their power to put the Town in possession of —

The foregoing Report having been read & considered [457.] The Question was put, Whether the same shall be accepted — Passed in the Affirmative —

It was also Voted, That upon Andrew Oliver, Thomas Hubbard & Sylvester Gardner Esq^{rs}. the only surviving Persons that signed the Note for the Sum of £1291 .. 10 .. 6, other Governments Money in Bills of the Old Tenor, lent by the Town the 10th. of May 1753 — paying the Sum of Money mentioned in the Right of the late Linnen Manufactory Company in & to all the Utensils that still remains or any ways belong to said Persons for the sole use and benefit of the Town, and also that they will assist the Town in procuring said Utensils or the value thereof to the utmost of their power, in such case the Treasurer is hereby directed upon receiving said Moneys and Assignments to deliver to them the Note aforesaid, the Town accepting the same as a full discharge thereof —

Upon a Motion made and seconded, the following Resolve passed — *Nem Cont.*

Whereas it has been Reported that certain Persons Justly obnoxious to this Town and Province are to be invited to Dine with the Governor and Council on the ensuing Anniversary Election^d Day in this Hall; Be it *Resolved* and an *Instruction* to the Gentlemen the Selectmen, that if a Committee of his Majestys Council shall apply to them for the use of this Hall, to dine in, they consent upon these express Conditions, that neither the Commissioners of the Customs and their Attendants, nor Officers of the Army & Navy, Stationed here for the purpose of enforcing unconstitutional Acts of Parliament by Military Execution, be invited — it being utterly against the inclination of the Town, that even one Person who has rendered himself enemical to the Rights of [458.] America should be admitted into the Hall upon such an Occasion —

Then the Meeting was dissolved

[462.] At a Meeting of the Freeholders and other Inhabitants of the Town of Boston duly qualified and legally warned in publick Town Meeting Assembled at Faneuil Hall on Fryday the 5th. Day of November Anno Domini 1773. at 10 O'Clock A: M:

Warrant for calling the Meeting - - - - - read —

The Town were directed to withdraw and bring in their Votes for a Moderator of this Meeting, and upon sorting them it appear'd that the Hon^{ble}. John Hancock Esq. was chosen —

The Petition of a large number of the Inhabitants setting forth —
“That they are Justly alarmed at the Report that the East India

Company in London are about shipping a Cargo or Cargos of Tea into this and the other Colonies, and that they esteem it a political plan of the British Administration whereby they have reason to fear not only that the trade upon which they depend for a subsistence is threatened to be totally destroyed; but what is much more than anything in life to be dreaded, the Tribute laid upon the importation of that Article will be fixed and established, and our liberties for which we have long struggled, will be lost to them and their Posterity; and therefore praying that the sense of the matter may be taken, and such steps pursued as to their safety and well being shall appertain" was read and debate had thereon —

A number of printed Hand Bills, called "*The Tradesmens Protest against the Proceedings of the Merchants relative to the new Importations of Tea*" [463.] Having been seen to be distributed in the Hall a Motion was made that one of said Papers be read to the Inhabitants, and said Hand Bill having been accordingly read one of the Inhabitants openly declared that he saw *Charles Paxton* one of the Commissioners of the Customs, giving them away the Day before in Kings Street — It was then moved that the Tradesmen present might collect by themselves on the South side of the Hall, that their Sense of the Paper might be taken. —

Then the Question was put to those Tradesmen "Whether they acknowledge the said paper called, "*The Tradesmens Protest*" which passed in the Negative, unanimously — there being in the estimation of the Town at least four hundred Tradesmen present in the Meeting

A Motion was then made and the Question accordingly put to those Tradesmen — Whether they do now detest as false scandalous, and base the said Paper & the Person known to have distributed it — Viz^t. Charles Paxton and all others who have distributed the same, and the Printer thereof. Viz^t. E. Russell — which passed in the Affirmative, unanimously —

The Town entered again into the consideration of the subject matter of the Warrant, and debated largely on the nature and tendency of the Project for introducing Tea into the Colonies to be disposed of by Commissioners appointed by the East India Company —

It was then moved that if any Gentlemen in Trade present or any other Inhabitant had anything to offer shewing that the introduction of Tea in the manner projected would not be detrimental to the Interest of the People in general as well as to the Mercantile & Trading part of the Colonies; that they would now do it, & what they offered should be treated with candor [464.] But no one Inhabitant did offer anything in favor of said Project —

After due deliberation the Town came into the following Resolutions *Nem Cont* — Viz^t.

Whereas it appears by an Act of the British Parliament passed in the last Sessions, that the East India Company are by the said Act allowed to export their Teas into America, in such Quantities as the Lord of the Treasury shall Judge proper: And some People with an evil intent to amuse the People, and others thro' inattention to the true design of the Act, have so construed the same, as

that the TRIBUTE of three Pence on every Pound of Tea is not to be enacted by the detestable Task Masters there — Upon the due consideration thereof, *Resolved*, That the Sense of the Town cannot be better expressed on this Occasion, than in the words of certain Judicious Resolves lately entered into by our worthy Brethren the Citizens of Philadelphia — wherefore

Resolved, that the disposal of their own property is the Inherent Right of Freeman; that there can be no property in that which another can of right take from us without our consent; that the Claim of Parliament to tax America, is in other words a claim of Right to buy Contributions on us at pleasure —

2^d. That the Duty imposed by Parliament upon Tea landed in America, is a tax on the Americans, or levying Contributions on them without their consent —

3^d. That the express purpose for which the Tax is levied on the Americans, namely for the support of Government, the Administration of Justice, and the defence of His Majestys Dominions in America, has a direct tendency to render Assemblies useless, and to introduce Arbitrary Government and Slavery —

[465.] 4th. That a virtuous and steady opposition to the Ministerial Plan of governing America, is absolutely necessary to preserve even the shadow of Liberty, and is a duty which every Freeman in America owes to his Country to himself and to his Posterity —

5th. That the Resolutions lately come by the East India Company, to send out their Teas to America Subject to the payment of Duties on its being landed here, is an open attempt to enforce the Ministerial Plan, and a violent attack upon the Liberties of America —

6th. That it is the Duty of every American to oppose this attempt —

7th. That whoever shall directly or indirectly countenance this attempt, or in any wise aid or abet in unloading receiving or vending the Tea sent or to be sent out by the East India Company while it remains subject to the payment of a duty here is an Enemy to America —

8th. That a Committee be immediately chosen to wait on those Gentlemen, who it is reported are appointed by the East India Company to receive and sell said Tea, and to request them from a regard to their own characters and the peace and good order of this Town and Province immediately to resign their appointment — And the following Gentlemen — Viz^t.

The Moderator

M^r Henderson Inches

Benjamin Austin Esq.

M^r. Jonathan Mason

and the Selectmen of the Town are appointed a Committee accordingly —

At the same time the Town passed the following Resolve — Viz^t. —

[466.] Whereas, the Merchants of this Continent did enter into an Agreement to withhold the importation of Tea until the Duty

laid thereon should be repealed; which Agreement as we are informed has been punctually observed by the respectable Merchants in the Southern Colonies, while by reason of the peculiar circumstances attending the trade of this Place some quantities, tho very small in proportion to what had been usual before said Agreement have been imported by some of the Merchants here; And whereas it now appears probable to this Town, that the British Administration have taken encouragement even from such small Importations, to grant Licenses to the East India Company as aforesaid — Therefore *Resolved*, That it is the determination of this Town, by all means in their power to prevent the Sales of the Tea imported by the East India Company; And as the Merchants here have generally opposed the Measure, it is the Just expectation of the Inhabitants of this Town, that no one of them will on any pretence whatever, import any Tea that shall be liable to pay the duty, from this time; and untill the Act imposing the same shall be repealed —

Voted, that this Meeting be Adjourned 'till 3 O'Clock in the Afternoon —

3 O'Clock. P: M: Town met according to adjournment —

The Committee appointed for the purpose Reported to the Town — That they had waited on Richard Clark Esq. and Sons, and Benjamin Faneuil Esq. said to be Factors of the East India Company, and communicated to them the Vote of the Town whereby they were requested immediately to [467.] Resign their appointment. And the said Gentlemen informed the Committee that as Messieurs Thomas and Elisha Hutchinson (who were also Reported to be Factors to the said Company) were at Milton, and not expected in Town till Saturday Evening, and as they chose to consult them, they could not return an answer to the Town, till Monday Morning —

It was then moved and Voted, unanimously, that

M^r. Samuel Adams.

M^r. William Mollineux

D^r Joseph Warren

be a Committee to repair unto Mess^{rs}. Clark Faneuil & Winslow those of the Tea Consignees said to be in Town, and acquaint them that as they were not Joint Factors for the East India Company with the Hutchinsons, it was supposed they could determine for themselves, and therefore it was the expectation of the Town, that they return an immediate answer to the Message

The Committee appointed to repair to the Tea Consignees in Town — Reported, that an answer might be expected from them in half an hour — they also informed that M^r. Winslow was not in Town —

A Motion was then made “ that a Committee be appointed to repair to Milton and acquaint Mess^{rs} Thomas & Elisha Hutchinson, with the request of the Town, that they immediately resign their appointment — And the Hon^{ble}. John Hancock Esq. M^r. John Pitts M^r. Samuel Adams D^r. Joseph Warren, M^r. William Powell & M^r. Nathaniel Appleton, were appointed a Committee for that purpose —

Mr. Ezekiel Russell came into Town Meeting, & asked leave to speak — He then acquainted the Town that he was the Printer of the Paper called the Tradesmen's Protest against the Merchants, & that he was paid for the same by the Person who [468.] Employed him, — this Information was not given at the desire of the Town; it being their sense, that as a Town they had nothing to do with the Printer or Author of the said Paper —

A Motion was made that Mr. Barrett who attends upon the Selectmen might be directed to acquaint Mess^{rs}. Clarke and Faneuil, that the Town were impatiently waiting for an answer to their last Message —

Before Mr. Barrett could proceed a Letter was brought into the Hall, signed by Richard Clark & Son, & Benjamin Faneuil for himself and Joshua Winslow, and directed to the Moderator to be communicated to the Town — Viz^t. —

Boston November 5. 1773

Sir

It is impossible for us to comply with the request of the Town, signified to us this Day by their Committee, as we know not what terms the Teas if any part of it should be sent to our care, will come out on, and what obligations either of a moral or pecuniary nature we may be under to fulfill the trust that may be devolved on us. When we are acquainted with these Circumstances we shall be better qualified to give a definitive answer to the request of the Town —

We are

Assembled at Faneuil Hall —

This Letter was read, and a Motion then made and the Question accordingly put — “ Whether the same be satisfactory to the Town — Passed in the Negative Nemini Contradicente

[469.] The Meeting was then Adjourned “ till the next Day at 11. O'Clock to receive the Report of the Committee appointed to wait on Mess^{rs}. Hutchinsons —

Saturday 11. O'Clock A: M: The Town met by Adjournment (the Meeting still continuing very full)

The Committee appointed to wait upon the Mess^{rs}. Hutchinsons at Milton — Reported — That they had enquired the last Evening and this Morning at the House of Elish Hutchinson Esq. in this Town, and were informed that those Gentlemen were at Milton; the Committee proceeded this Morning to Milton and calling at the Governors Seat were informed that only Mr. Elisha Hutchinson lodged there the last Night, who had set out early this Morning for Boston; on their return they called at his House, and were told

that he had been at home this Morning but had again set off for Milton — they then went to the House of Thomas Hutchinson Esq. who was then at home, where they read and delivered to him an attested Copy of the Towns Vote, when he acquainted the Committee, that the Town might expect his answer in one quarter of an Hour —

The following Letter was soon after sent into the Moderator, signed Thomas Hutchinson, which was read, viz^t.

Sir

I have nothing relative to the Teas referred to in the request or Vote of the Town, except that one of my Friends has signified to me by Letter, that part of it he had reason to believe would be Consigned to me and my Brother Jointly, but upon what terms he could not then say —

Under these circumstances I can give no other answer to the Town, at present, then that if the Teas should arrive & we should be appointed Factors, we shall then be sufficiently informed to answer the request of the Town — I am for my Brother & self

T. HUTCHINSON JUN^r.

[470.] This Letter being read a Motion was made and the Question accordingly put — “ Whether the same be satisfactory to the Town ” — which passed in the Negative *Neminie Contradicente* —

A Motion was then made that the Question be put — “ Whether it is not the Sense of the Town, that the Letter signed Richard Clark & Son, Benjamin Faneuil for self & Joshua Winslow, and also the Letter signed Thomas Hutchinson, for himself & Brother, which had been both read, were not *Daringly Affrontive* to the Town ” — And the Question being accordingly put — It passed in the Affermative, *Nem. Con.*

Upon a Motion made it was Voted, That the Committee of Correspondence for this Town, be and they hereby are directed to transmit the Transactions of this Meeting to every Town in the Province —

A Motion was then made, that the Thanks of the Town be given to the Hon^{ble}. John Hancock Esq. the Moderator of this Meeting for the dispatch he has given to the Business thereof — but the Motion was objected to by himself and M^r. Adams, and it seemed to be the sense of the Town, that a Vote of Thanks should be only given upon very special and signal services performed for the Publick —

The Town having gone through the Business mentioned in the Notification, it was moved that this Meeting be immediately dissolved — And the Meeting was dissolved accordingly —

[471.] At a Meeting of the Freeholders and other Inhabitants of the Town of Boston duly qualified & legally warned in publick

"That your Petitioner came to this Town upon a Call of a Number of Inhabitants of the same, originally Germans, came to this Place upwards of Twenty Years ago, upon the Invitation of some notable Gentlemen of this Place promising them great Advantages — That by that Call your Petitioner is appointed spiritual Pastor over them — That your Petitioner findeth the Execution of his Office a very difficult Task upon several Accounts, especially for Want of a convenient House to meet in for Instruction & Divine Worship. — That the Members of his Congregation are generally poor, & unable either to purchase Ground or to build a House of Divine Worship. — Your Petitioner therefore begs Leave to observe to your Honors, that unless he is assisted in this respect by the Generous Inhabitants of the Town of Boston, he must give up his

Vocation & leave this People, without a Remedy, in the degenerate & deplorable [492.] State, in which he found them, & in which, in a great Measure they are yet, in which Case a Number of them may become a Burden to the Community, & a Stain to the glorious Character of the People of Boston, which would be a great Pity, as they are industrious People, and by proper Care may become an Ornament & Blessing to the Society, of which, by Divine Providence, they are become members, But your Petitioner hath Ground to hope better Things, from the Consideration, that the Inhabitants of the Town of Boston have deservedly the Name of a Religious, Generous & Hospitable People: That therefore they will consider, that this People is come among them, not slyly & surreptitiously, like the Gibeonites; that they, notwithstanding that, share the Fate of the Gibeonites, contrary to what they were made to expect: That they are Fellow-Protestants, built upon the Foundation of the Prophets & Apostles, of which Jesus Christ is the Chief Corner Stone, renouncing all Human Traditions & Popish Relicks. That every Member of a Body is under an Obligation to serve his Fellow-Members, with the Gifts he has received, as good Stewards of the manifold Grace of God: That it is the express Command of God to love the Strangers, as ourselves, considering that our Forefathers were also Strangers, & that God himself loveth Strangers: That People of a different Language residing in an *Imperium* is both Ornamental & Beneficial. — These & other Considerations, too tedious to be recited here, have emboldened your Petitioner, to lay his, & his Peoples Circumstances before your Honors, in Order to communicate them to the respectable Inhabitants in lawful Town Meeting assembled, humbly praying to take their pitiful Case into their most serious Consideration, & to assist them in the best Manner their Wisdom may suggest & their Charity move them to. —

[493.] If my humble Opinion was asked, or I might be more particular in my humble Request, it is this: I am informed that in the Common, near the School-House, is a vacant & convenient Spot of Ground, on which a plain Meeting-House, without any Ornaments or Superfluities, might be built, if a public Collection in all the Churches was granted. The Ground remain under the Trust of the Selectmen, & the Reversion & remainder to the Town, & only the Use granted to your Petitioner & his Successors, being Evangelical Ministers of the Gospel, & the Evangelical Inhabitants of the Town of Boston in Communion with the Protestant Churches in Europe, who consent to & approve of the famous & Original Confession delivered to Charles the Fifth, Emperor of Germany, in a Diet of the States of the German Empire, & publicly read at Augsbours in the Year of our Lord 1530.

But all this your Petitioner leaveth to your Honor's superior Knowledge & Wisdom, only begging to pardon his Freedom, to grant him the Privilege of your Favors & Protection. And for the Prosperity of your Town & Country, your Petitioner shall always pray." — was read, & after Debate had thereon,

Voted, that The Gentlemen the Selectmen

Benjamin Kent Esq.

D^r. Benjamin Church
M^r. Ezekiel Price

be a Committee to take this Petition into Consideration & report as soon as may be. —

be, & hereby are appointed a Committee to prepare Instructions to our Representatives, and report at the Adjournment

The Report of the Committee on the Rev^d. M^r. Hartwick's Petition laid before the Town by the Committee to whom said Petition was referred at the March Meeting which Report is to be considered at this Time, was again read; & the further Consideration referred, till the Report of the Committee on the State of the Granary be laid before the Town.

The Committee appointed the 14th. of March last, to examine into the State of the Granary, & report the same, & also their Opinion, whether it will be expedient for the Town to continue the same now; Report,

That they have, so far as it was in their Power, examined into the State of the Granary, & cannot find that any regular Accompts, or Entries have been made in any Books, either by the Purchasers of Grain or by the Keeper of the Granary, of the Quantities of Grain bought in each Year; therefore cannot ascertain the Gain or Loss in the Measure. —

The Committee have examined so far back as they were able, & find by the Papers laid before them, by Mr. John Fenno, Keeper of the Granary, that the Quantity of Corn & Rye, purchased by the Committee from March 1769 to March 1774 amounted to 5836 Bushells, & that he had sold out in that time 5060 Bushells, & there then remained in his hands only 876 Bushells, by which it appears there was a Loss in the Measure of the Corn of 400 Bushells which is 7 p Cent, but there was no Loss in the Rye

[509.] The Committee have also examined the Amounts of the Charges that have arisen for the last five Years, & find that the Measuring, Carting, Keeper's Allowance &c. amount to £238 ,, 10 ,, 1 lawful Money, which is Six Shillings & Six Pence half penny old Tenor p. Bushell on the whole quantity that was purchased in said five Years, exclusive of the 400 Bushells lost in the Measure, which being added makes it 8½ old Tenor p Bushell on the whole quantity laid in the last five Years. The quantity sold last Year was only 605 Bushells, & the Town Stock being now so very small, and the Keeper's Salary & Allowance, with other Expences being so great, out of such a Stock, the Committee are of Opinion, that it will not be for the Interest of the Town, to keep said Granary open the remainder of the Year, under the present Regulations —

The Committee would inform the Town, that upon Examination into the State of the Granary, they find, that in March in the Year 1752, they had a Stock of £380 ,, 18 ,, 1 which, in ten Years, vizt. in March 1762 encreased to £486 ,, 15 ,, 3 lawful Money, over & above all Charges, but since it has been annually decreasing, till now it is reduced to about £150 — The Reasons for which, the Committee, after a very strict Enquiry cannot assign. — All which is submitted by

EZEKIEL GOLDTHWAIT
WILLIAM WHITWEL
JOHN ROWE
ALEXANDER HILL
EDWARD PAYNE

Which Report being accepted by the Town —

On a Motion made & seconded, Voted, that the Selectmen be, & hereby are directed and impowered to lend Mr. John Fenno the Stock of Grain belonging to the Town, now in the Granary, at the Market Price, as also the Money belonging to the Town, now in the hands of the said Fenno, the Selectmen taking Security for the Payment of the whole in the Month of March next; — [510.] Mr.

Fenno keeping the Granary always open on the usual Days, & having Liberty to open the same upon such other Days as he may think proper. —

October 6th 1790

The Select Men having examined the Acco^{ts}. of M^r. Fenno are of opinion that there is nothing due from M^r. Fenno to town

Friends & Brethren,

Our public Calamities have, for a Series of Years, been increasing, both in Number & Weight. We have endeavoured under all our public Misfortunes, to conduct as good Citizens in a COMMON CAUSE. Being stationed by Providence in the Front Rank of the Conflict, it hath been our Aim to behave with Vigilance, Activity & Firmness — To warn our Brethren of approaching Danger, to encounter with becoming Spirit the Trials of our Patience, hath been our Aim & our Duty. Our Friends & generous Countrymen have given us Reason to think we have not altogether failed in our honest Endeavours in the Way of this Duty.

Two Acts of Parliament, altering the Course of Justice & annihilating our free Constitution of Government, are every day expected.

When we consider the Conduct of our late worthy House of Rep-

representatives, relative to our Superior Court Judges, & their Impeachment of the Hon^{ble} Peter Oliver Esq. for his accepting a Salary from the Crown, in his Office of Chief Justice, & when we consider the uniform Spirit and Conduct of the several Grand Jurors thro' the Province, [536.] Touching the same Grievances since that Impeachment; we cannot but suppose the aforementioned Acts will bring on a most important & decisive Trial——

You, Gentlemen, our Friends, Countrymen & Benefactors, may possibly look towards us at this great Crisis. We trust that we shall not be left of Heaven to do any thing derogatory to our Common Liberties, unworthy the Fame of our Ancestors, or inconsistent with our former Professions & Conduct——

Though surrounded with a large Body of armed Men (who having the Sword have also our Blood in their Hands) we are yet undaunted; we trust in the God of our Fathers, & we feel the animating Support of a good Cause; but which suffering the double Weight of Oppression & exasperated by a military Camp in the very Bowels of our Town, our Minds are not more in a Temper to DELIBERATE, than our Bodies in a situation to *move*, as the Perils & Exigencies of the Times may probably demand.

To you, Gentlemen, our Brethren & dear Companions *in the Cause of God & our Country* we apply, from you we have *received that Countenance & Aid*, which has strengthened our Hands, & *that Bounty, which has occasioned Smiles on the Face of Distress*. To you, therefore, we look for that *Wisdom, Advice & Example* which, giving Strength to our Understandings & Vigor to our Actions, shall with the Blessing of *God* save us from Destruction.

Looking up to Heaven, and, under Divine Direction, to our Brethren in the Country & on the Continent, for Aid & Support, & with earnest Prayers for a happy Issue out of our Great Troubles, we are,

Your Friends & Brethren,

The Inhabitants of Boston, Upon a Motion made, Voted, that a printed Copy of the following Letter to our Brethren in the several Towns & Districts in the Province be forthwith signed by the Town Clerk, & transmitted by the Committee of Correspondence, in the Name & Behalf of the Town.——

Whereas sundry Regiments of his Majesty's Troops are; contrary to Law, & to the great Annoyance & Detriment of his Majesty's good Subjects of this Province, now stationed in the Town of Boston, in a Time of profound Peace, for the avowed Purpose of carrying into Execution, sundry Acts of the British Parliament, tending to enslave the People, & to subvert the Constitution of this Province, which it is our Duty to protest against upon all Occasions, yet nevertheless, we, the Inhabitants of the Town of Boston, in Town Meeting legally assembled, — taking into serious Consideration, the distressed Circumstances of this Metropolis, & being anxious still to use our best Endeavours to preserve that Decency & Order, for which the Town has ever been remarkable; relying on the Justice of our Cause [549.] And confiding in the united Endeavors of the Colonies, the Wisdom of the Continental Congress, the Justice & Clemency of our Sovereign, & the

Smiles of Divine Providence, that our Grievances, will shortly be redressed, & our unalienable & precious Rights, Liberties and Privileges, be restored & secured to us, upon a Just & permanent Basis — Therefore we recommend, That as his Excellency the Governor has assured the Town, that he will do all in his Power to secure the Peace & good Order of the Town;

That the Town on their Part will exert their best Endeavors to effect the same desirable Purpose, & to this End would augment the Town Watch to the Number of Twelve Men in each Watch; and it is recommended to the Selectmen, that they increase the Watch to the Number of Twelve Men in each Watch House, for the security & Safety of the Inhabitants, & that they be directed to Patrole the Streets of the Town for the whole Night the Winter Season —

And, it is earnestly desired that his Majesty's Justices of the Peace, & other Peace-Officers, would exert their Authority for the Observance of the Laws, & Preservation of Peace & Order; & that when they hear of any Disturbance, they would not wait for a Complaint but call on the Inhabitants, who will at all Times be ready in assisting to disperse such Persons, or of bringing Offenders, of what Sort or Rank whatsoever to Justice. —

As in our present Situation, it is incumbent on us particularly to attend to the Peace & good Order of the Town, it is therefore earnestly recommended to the Inhabitants to do all in their Power to prevent or suppress any Quarrels or Disturbances — And it is seriously recommended to all Masters of Families, that they restrain their Children & Servants from going abroad after Nine O'Clock in the Evening, unless on necessary Business — And it is farther recommended to the Selectmen of the Town to enjoin upon all Retailers & Taverns of the Town, that they strictly conform to the Laws of the Province relating to disorderly Persons —

Mr. Samuel Adams in the Chair

The Committee appointed to take under Consideration a Paper

signed T. Gage, being an Answer to a Letter written to General Gage by the Hon^{ble}. Peyton Randolph Esq. President of the late Continental Congress — Reported as follows, Viz^t.

[7.] We would not, unless urged by the clearest Necessity, have taken up the Consideration of General Gage's Letter to the Honorable Peyton Randolph Esq. late President of the Continental Congress, but we Conceive that Letter, tho' it *appears* to be addressed to a Gentleman in his *private* Capacity, has a strong Tendency to impress the whole Continent with Sentiments very unfavourable to this afflicted Town. We shall not intentionally throw any disagreeable Imputation upon the General, but shall endeavor only to defend ourselves against the injurious Tendency of the Letter.— The General contrary to the known Sense of every Man of common Understanding, has been pleased to insinuate, that the Complaints of the Town of Boston against his Conduct were utterly groundless & unreasonable & would have the Continent believe that, not *he* but the People of the Province, & especially the Inhabitants of Boston, were the Aggressions in all the Differences which have arisen. — We freely acknowledge that the Arrival of a British Army, with a profes'd Design of enforcing Acts of the British Parliament, destructive of our Liberties, gave a great & universal Alarm, & it cannot appear strange that we should be considering of the Measures necessary to preserve our just Rights & Privileges. We hoped however that peaceable and gentle means would have effected our Deliverance: We believed that his Excellency would have laid Some Proposals before the General Assembly, which he had Summoned to meet at Salem; but after hearing both the Council & House of Representatives in a Manner, which we shall not animadvert on, he was pleased to dissolve the Assembly: The People were then compelled to turn their tho'ts & Attention to other Methods of preventing the impending Destruction. And, tho. thus distressed, his Excellency would gladly have prevented them from availing themselves of the Counsel of each other in Town Meetings; & actually ordered the Marching of a Body of armed Soldiers to disperse the Inhabitants of the Town of Salem, when peaceably assembled to consult upon the most important Interests of themselves & Posterity: This was followed by the seizing of the Powder in the Magazine at Cambridge, & of the Common, which had been lent to the first Regiment in Middlesex: The Mounting a Number of Field Pieces on an Eminence in Boston Common: the Stationing Guard in various Parts of the [8.] Town, & many other Acts, which could not leave any Doubt in the Minds of the People, of the Generals Intention to employ Military Force against the Province, at length roused the People to think of defending themselves & their Property by Arms, if nothing less could save them from Violence & Rapine. For the Justification of the Conduct of the People in that Respect, we may safely appeal to the Continent. — to the World, & to the supreme Omniscient Governor of the Universe. — All the Transactions from the first Arrival of the Troops we hope will hereafter be critically & judiciously examined: And we trust that the time will come, when we shall have a fair & impartial Hearing.— We mean not now to give particular Answers,

except such Parts of the General's Letter, as seem to charge the Continental Congress, with having misconceived the Facts stated in their Letter to him.

First, His Excellency says, that from the Letter (meaning the Letter from the Hon^{ble}. Continental Congress) "People would be led to believe, that Works were raised against the Town of Boston, private Property invaded, the Soldiers suffered to insult the Inhabitants & the Communication between the Town & County shut up & molested" How far his Excellency was governed by the Consideration of what Answer he should make, when he gave this Town to the Expressions of the Congress, need not be enquired into. To this Charge his Excellency replies, that "There is not a single Gun pointed against the Town." His Excellency did not advert to the Number of Field Pieces, which were, at the Time the Letter was written, & long before, pointed against the Town from the Common; but if the Assertion had been literally true, it would not in the least affect the Point under Consideration.—

Are not the Works on the Neck in Reality erected against the Town? Are they not designed to intimidate the Inhabitants, & to lead them to think they were altogether in the Power of the Army? The Continental Congress plainly express the Sense in which they mean to be understood by his Excellency. They say, "that the Fortifications erecting within that Town (Boston) the frequent Invasions of private Property, & the repeated Insults they (the Inhabitants) receive from the Soldiery, have given them great Reason to suspect a Plan is formed, very destructive to them, & tending to overthrow the Liberties of America." — The General therefore has in no Way answer'd the Charge bro't against him, but has only by varying the Expression, attempted to elude it. —

[9.] The next Assertion is, That no Man's Property has been seized or hurt, except the King's. — We need not enumerate all the Instances of Property seized; it is enough to Say, that a Number of Cannon, the Property of a respectable Merchant in this Town were seized & carried off by force: That Timber & other Lumber have been violently taken from the Owners — that rightful Proprietors have been driven from their Lands. — It is impossible for us to mention One half of the Influences, in which Property has been hurt they are notorious to every Inhabitant, & have been made known to the Public from time to time.

His Excellency pleased to say that, "no Troops have ever given less Cause for Complaint, & greater Care was never taken to prevent it." What Care has been taken is not our Part to determine, we are ready to admit the most candid Opinion. But we beg leave to say, that the Insults received from Officers & Soldiers, have been in many Instances, such as were shocking to a spirited People, & of which, Humanity in some Instances, Decency in others, & in all, a generous Disposition to avoid placing even those, who have injured us, in an odious Light, prevent us from giving a particular Account.

The General declares that, "the Communication between the Town & Country has always been free & unmolested, & is so still." We shall only give the Facts. — Guards were fixt at every Entrance of

the Town — No Person was allowed to cross the Ferry to Charlestown after 8 O'Clock in the Evening, however urgent his Business — Passengers on the Neck were stopt for Hours together by the Guard—their Property injured or destroyed.—One Inhabitant stopt in his Chaise, & his Horse stabb'd with a Bayonet — others were a shamefully beaten abused & confined, & many other Instances, very alarming to our Friends in the Country, whose free Ingress to the Town is essential to our Subsistence.

The General perhaps might not justify these Enormities; but could he not have prevented them by removing the Cause of those frequent Abuses? Be that as it may; could he with Justice assert that "the Communication between the Town & Country has always been free & unmolested, & is so still."

We wish the General had given us some particular Instances concerning "the Menaces of Blood & Slaughter," which he intimates made it his Duty to alarm & distress the People in the Manner he has already done. —

[10.] We doubt not that we shall be able fully to answer his Excellency, whenever he is pleased to descend to particulars. We can only say at present that we conceive his Excellency to have been very ill advised in the Measures he has pursued, & that we ardently wish for an Opportunity to meet our Adversaries upon a just Ground. —

The above Report having been considered Paragraph by Paragraph, it was Voted, Nem. Con. that the same be accepted & that the Moderator of this Meeting be desired to transmit a Copy of the Report inclosed in a respectful Letter to the Hon^{ble}. Peyton Randolph Esq. by the first Opportunity. —

Upon a Motion made, Voted, that the foregoing Report be published in the several News Papers. —

The Resolves of the late Provincial Congress, recommending the Choice of new Delegates for another Provincial Congress, were read, whereupon a Motion was made for the Choice of one or more Delegates for the Provincial Congress, designed to be held at the Town of Cambridge on or before the 1st. of February next — which passed in the Affirmative

Voted, that Seven be the Number of Delegates to be chosen for the Purpose aforesaid. —

The Inhabitants having brought in their Votes for Seven Delegates for the intended Provincial Congress, upon sorting them it appeared, that the following Gentlemen were chosen, Viz^t.,

The Hon^{ble}. Thomas Cushing Esq.

Mr. Samuel Adams

Hon^{ble}. John Hancock Esq.

D^r. Joseph Warren

D^r. Benjamin Church

Mr. Oliver Wendell

Mr. John Pitts

The following Vote expressive of the Gratitude of the Town for the benevolent Assistance received from the other Colonies under our present Calamities, & the kind Recommendation of the late respectable Continental Congress for future Support — Passed Nem. Cont. —

[11.] Whereas the Town of Boston is unfortunately become the most striking Monument of Ministerial Tyranny & Barbarity, as is particularly exhibited in the sudden shutting up this Port thereby cruelly depriving the Inhabitants of this Metropolis of the Means they have hitherto used to support their Families; And whereas our Brethren of in the other Colonies, well knowing that we are suffering in the common Cause of America & of Mankind have, from a generous & Brotherly Disposition contributed largely towards our Support in this Time of our General Distress (without which many of our worthy and virtuous Citizens must have been in imminent Danger of perishing with Cold & Hunger) — And whereas the Hon^{ble}. Members of the Continental Congress have kindly recommended us to our Sister Colonies, as worthy of farther Support from them, while the Iron Hand of unremitting Oppression lies heavy upon us. Therefore Voted, that this Town, truly sensible of the generous Assistance they have received from their sympathizing Brethren, return them their warmest & most sincere Thanks for the same: And they pray that GOD, whose Beneficence they so gloriously imitate, may bestow upon them the Blessings he has promised to all them, who feed the hungry & cloath the naked: And the Thanks of this Town are accordingly hereby given to our Benefactor aforementioned, & to the Hon^{ble}. Members of the Congress for their Benevolence towards us, expressed as aforesaid, which Support, if continued cannot fail of animating us to remain stedfast in defending the Rights of America. —

The Hon^{ble}. James Otis Esq^r. being present moved that he might be dismissed as One of the Comittee of Correspondence for the Town of Boston, And the Question being accordingly put, passed in the Affirmative.

Upon a Motion made & seconded,

Voted, that the Thanks of the Town be & hereby are given to the Hon^{ble}. James Otis Esq^r. for his Services, as a Member of the Committee of Correspondence, & for his Offers of such farther Services as he might be capable of rendering. —

Voted, that this Meeting be adjourned to Wednesday the 1st. day of February next, 11 O'Clock forenoon.

And the Meeting was accordingly adjourned —

[12.] At a Meeting of the Freeholders & other Inhabitants of the Town of Boston at Faneuil Hall by Adjournment of the May Meeting, February 1st. 1775. —

M^r. Adams the Moderator being at Cambridge, attending the Provincial Congress,

M^r. William Whitwell

was chosen Moderator pro temp. by a Hand Vote.

The Comittee appointed to consider the Request of a Number of the Inhabitants of the Town, that the Incumberances on Dock Square may be removed & Measures taken for filling up the Dock that so Room may be made for the Standing of Horses Hacks of those Country People, who bring Provisions for sale to the Market & to treat with the Proprietors, if the Comittee have any Doubt, as to the Title of the Town to said Dock — Now Report — That they

have met several Times & examined into the Town's Right to said Dock, & into some Privileges anciently granted to certain Persons, who then lived near to said Dock, or were interested in Lands abutting thereupon: And upon the whole the Committee are of Opinion, that the Town have an undoubted Right to said Dock, & may fill it up, or improve the same as they shall judge proper, so far as to meet the Slip that enters into said Dock just above the Bridge; & if the same is filled up the Committee propose to the Town, that a Passage may be laid out of such a Width as will be most convenient for Carts, Trucks & other Carriages, beginning at the Southeast Corner of said Dock, & running upon a Line nearly strait, between the Dwelling House of the late Thomas Tyler Esq^r. & the Warehouse of John Boreland Esq. & that when said Dock is filled up the Rails above be bro't down, & fixed on the Sides of said Passage Way. The Committee judge that this will make a Passage Way full large for the Accommodation of all Carts, Horses & Carriages for Persons that bring Provisions for Sale, & it will thereby prevent the great Annoyances Inconveniences & Dangers, that the Inhabitants & others are exposed to by the Country People filling up with their Carts [13.] Teams, Stalls, Benches & Stands, the Street & Square from M^r. Simsons Store-shop to the Market: And the Committee would recommend to the Town, to take such Methods as shall be effectual to prevent, to prevent any of the Inhabitants of the Town, & all other Persons whatever, standing or continuing in said Square, or in the narrow Street between M^r. Dolbear's Shop & Deacon Newell's Shop so far into Union Street, as runs on a Line with the North Side of Ann Street, & also in all other Places & Avenues that lead to the Market, or to the aforesaid Places assigned for the Conveniency thereof; & that none be allowed to fix, stand or continue without the aforesaid Limits near to the same, with Carts, Horses Stalls, Benches Wheelbarrows or Baskets, or any of them for the Sale of any Article or Commodity whatever; & if any Person shall transgress herein, that they be prosecuted for the same: And for the Encouragement of the Country People, who bring any thing for Sale to the Market, the Committee propose, that it be left to the Discretion of the Selectmen, whether any, Consideration, & how much shall be paid by those Persons, that shall improve or occupy any Part of Faneuil Hall Market, or the Enclosures of the same; And that these Regulations may take Effect, the Committee would farther recommend to the Inhabitants, that they do not purchase Provisions, or any other Article of such Persons as shall refuse to comply with the same; & if the Town shall determine to fill up said Dock, the Committee advise that it be done as speedily as may be, & that the Selectmen be desired & directed to take Care, that all Drains & Conveyances of Water, that belong to private Persons, & that have heretofore emptied themselves into said Dock, be carried out at the Expense of the Town, so as no Stoppage or Obstruction may happen to private Property. The Committee would mention to the Town, that the Heirs of the late Dr. Will^m. Davis claim a Right to the Dockage, Wharffage & Morage of such Vessels as can lay in that lay in that Part of the Dock, that is before the Warehouses of the late

John Fayerweather Esq ; but the same not appearing Clear to the Committee, they only say upon it, that when it shall appear they have such Right, an adequate Consideration should be made them, & which the Town will undoubtedly make to them — All which is humbly submitted by

The Committee on Instructions reported the following Draught, Viz^t,

Instructions to the Representatives of the town of Boston
Gentlemen,

At a time when, in all Probability, the whole United Colonies of America are upon the Verge of a glorious Revolution, & when, consequently, the most important Questions that ever were agitated by the Representative Body of this Colony, touching its internal Police, will demand your Attention; your Constituents think it

necessary to instruct you, in several Matters, what Part to act, that the Path of your Duty may be plain before you.

We have seen the humble Petitions of these Colonies to the *King of Great Britain* repeatedly rejected with Disdain. For the Prayer of Peace he has tendered the Sword; — for Liberty, Chains; — for Safety, Death! He has licenced the Instruments of his hostile Oppressions to rob us of our Property, to burn our Houses, & to spill our Blood — He has invited every barbarous Nation, whom he could hope to influence, to assist him in prosecuting those inhumane Purposes, The Prince, therefore, in Support of whose Crown & Dignity, not many years since, we would most chearfully have expended both Life & Fortune, we are now constrained to consider as the worst of Tyrants: Loyalty to him is *now* Treason to our Country: —

[52.] We have seen his venal Parliament so basely prostituted to his Designs, that they have not hesitated to enforce his arbitrary Requisitions with the most sanguinary Laws. — We have seen the People of Great Britain so lost to every Sense of Virtue & Honor, as to pass over the most pathetic & earnest Appeals to their Justice with an unfeeling Indifference. — The Hopes we placed on their Exertions have long since failed. — In short, we are convinced, that it is the fixt & settled Determination of the King, Ministry, & Parliament of that Island to conquer & subjugate the Colonies, & that the People there have no Disposition to oppose them — A Reconciliation with them appears to us to be as dangerous as it is absurd — A Spirit of Resentment once raised it is not easy to appease: The Recollection of past Injuries will perpetually keep alive the Flame of Jealousy, which will stimulate to new Impositions on the One Side, & consequent Resistance on the other; & the whole Body politic will be constantly subject to civil Fermentations & Commotions. — We therefore think it absolutely impracticable for these Colonies to be ever again subject to, or dependent upon Great Britian, without endangering the very Existence of the State: Placing, however, unbounded Confidence in the Supreme Council of the *Congress*, we are determined to wait, most patiently to wait, 'till their Wisdom shall dictate the Necessity of making a Declaration of Independency — Nor should we have ventured to express our Sentiments upon this Subject, but from the Presumption, that the Congress would chuse to feel themselves supported by the People of each Colony, before they should adopt a Resolution so interesting to the whole. — The Inhabitants of this Town therefore, unanimously instruct & direct you, that, at the Approaching Session of the General Assembly, you use your Endeavors, that the Delegates of this Colony, at the Congress, be advised, that in Case the Congress should think it necessary for the Safety of the United Colonies, to declare themselves independent on Great Britian, the Inhabitants of this Colony, with their Lives & the Remnant of their Fortunes, will most chearfully support them in the measure. —

[53.] Touching the internal Police of this Colony, it is essentially necessary, in Order to preserve Harmony among ourselves, that the constituent Body be satisfied, that they are fully & fairly

represented — The Right to legislate is originally in every Member of the Community; which Right is always exercised of a State: But when the Inhabitants are become numerous, 'tis not only inconvenient, but impracticable *for all* to meet in One Assembly; & hence arose the Necessity & Practice of legislating by a few, freely chosen by the many. — When this Choice is free, & the Representation, equal, 'tis the People's Fault if they are not happy: We therefore entreat you to devise some Means to obtain an *equal Representation* of the People of this Colony in the Legislature. But care should be taken, that the Assembly be not unwieldy; for this would be an Approach to the Evil meant to be cured by Representation. The largest Bodies of Men do not always dispatch Business with the greatest Expedition, nor conduct it in the wisest manner —

It is essential to Liberty that the legislative, judicial & executive Powers of Government be, as nearly as possible, independent of & separate from each other; for where they are united in the same Persons, there will be wanting that natural Check, which is the principal Security against the enacting of arbitrary Laws, and a wanton Exercise of Power in the Execution of them. — It is also of the highest Importance that every Person in a Judiciary Department, employ the greatest Part of his Time & Attention in the Duties of his Office. — We therefore farther instruct you, to procure the making such Law or Laws, as shall make it incompatible for the same Person to hold a Seat in the legislative & executive Departments of Government, at one & the same time: — That shall render the Judges in every Judicatory thro' the Colony, dependent, not on the uncertain Tenure of Caprice or Pleasure, but on an unimpeachable Deportment in the important Duties of their Station, for their Continuance in Office: And to prevent the Multiplicity of Offices in the same Person, that such Salaries be settled upon them, as [54.] Will place them above the Necessity of stooping to any indirect or collateral Means for Subsistence. —

We wish to avoid a Profusion of the public Monies on the one hand, & the *Danger of sacrificing our Liberties to a Spirit of Parsimony on the other*: — Not doubting of your Zeal & Abilities in the common Cause of our Country, we leave your Discretion to prompt such Exertions, in promoting any military Operations, as the Exigency of our public Affairs may require: And in the same Confidence in your Fervor & Attachment to the public Weal, we readily submit all other Matters of public Moment, that may require your Consideration to your own Wisdom & Discretion. —

The foregoing Draught of Instructions to our Representatives, having been read & considered, the Question was put — “Whether the same shall be accepted, & given to our Representatives, as their Instructions” — Passed in the Affirmative unanimously. —

Upon a Motion made, Voted, that the Gentlemen, the Selectmen be directed to wait upon the Committee of the General Court, for fortifying the Harbor of Boston, & to desire that they would suspend the sinking of the Hulks, untill the Sense of the Town be legally taken relative thereto. —

On a Motion made — Voted, that this Meeting may be adjourned

THOMAS DAWES Chairman

The Hand Bill reported is as follows, Viz^t.

The Hon^{ble}. Continental Congress, & the General Assembly of this State, having resolved, that a just & well [82.] Authenticated Account of Hostilities committed by the ministerial Troops & Navy in America, since March 1775, be collected with proper Evidence of the Truth of the Facts related; the Number and Value of the Buildings destroyed by them, also the Number & Value of the Vessels, inward & outward bound, which have been seized by them, as near as can be ascertained; also the Stock taken by them from the different Parts of the Continent. —

[84.] Be, & hereby are appointed a Committee for the Purpose aforesaid.

Voted, that this Meeting be adjourned to Wednesday the 27th of November instant, 10 O'Clock Forenoon, and the Meeting was accordingly adjourned. —

Wednesday November 27th. 1776. 10, O'Clock A.M. Met according to Adjournment. —

The Comittee appointed to examine the State of the Town Treasury, & the Treasurer's Accounts, Report — That they have attended that Service & find the Accounts right cast & well vouched. — The Treasurer charges himself with sundry Rents, Fines & other Incomes of the Town, to the Amount of £7122 ,, 0 ,, 2 $\frac{3}{4}$ including Ballance of old Accounts; & discharges himself by sundry Abatements made the Collectors, amounting to — £795 ,, 18 ,, 2 — by Draughts from the Selectmen of £4421 ,, 17 ,, 7 $\frac{1}{2}$ of which he has paid only £3910 ,, 14 ,, 5 $\frac{3}{4}$ — by Draughts from the Overseers of the Poor £3458 ,, 11 ,, 2 — the Charges of the Almshouses of which he has paid only £2628 ,, 18 ,, 5 — By Sundry Sums of Interest paid £167 ,, 11 ,, 7 — The Comittee find the above Sums, including £1211 ,, 8 ,, 10 $\frac{1}{2}$ (bad Debts ordered by the Town to be cancelled) amount to

£10055 ,, 7 ,, 5 — which leaves a Ballance against the Town

The Committee find the State by the Books in March 1775, but they apprehend the true State at the present Day, without taking into the Account a Number of nominal Debts of no Value, is thus —

By the above it appears, when the Sums already voted, are borrowed & Provisions made for the present Year, the Town will be in Debt to the amazing Sum of £15681 ,, 13 ,, 11 — which there appears no Fund to discharge —

The Committee beg leave to suggest to the Town, whether it would not be best, in future, that the Money granted for each particular Year, should be invariably applied to defray the Expenses of that Year only, & that it be made a Rule, that the first Draughts should be first paid; - - - - -

[86.] The Committee are of Opinion, that a Regulation of this kind, would be for the Credit of the Town, & encourage the Hearts of the Officers of the Town, as every Man then be assured

of his Money in his Turn, without any needless Attendance, & the Punctuality would prevent those *useful* Servants of the Town, the *Schoolmasters*, from appearing, by their Heirs, as Creditors of the Town. —

The Committee would farther suggest, in Order to prevent a List of Abatements of Taxes appearing yearly in the Treasurer's Accounts, that the Assessors be directed, immediately after they have taken Accounts in March of the Polls & Rateable Estates, & have estimated the same in order for an Assessment to serve the Inhabitants with an Account of what they are to be rated for, & at what the same is valued; this will give Opportunity for each Person, if overvalued, to apply to the Assessors before the Tax comes out, & when the Abatements are made in the Valuations, & the Tax is compleated, that the Assessors assert in the Tax Bill, how much in the Pound is rated; & the List of all the rateable Estates of any Person, be left with the Selectmen, or Town Treasurer, & upon for the Inspection of every one —

All which is humbly submitted

By Order of the Committee

JOSEPH BARREL, Chairman

N.B. Besides the foregoing Charge of £2500 - - - Charges of Salary Men for the present Year, it has been usual for the Selectmen's - - Draughts for other contingent Charges to amount to £2000 — which ought to be added to the present Years Expence, as it will be called for & will make the Town's Debt near *Eighteen Thousand Pounds*.

The foregoing Report was read, & after considerable Debate had thereon —

Voted, that the Town Treasurer be directed to collect from the several Debtors to the Town, whatever Sums of Money may be due from them respectively. —

Voted, that the Representatives of this Town, be, & they hereby are instructed, to use their Influence in the Gen^l. Assembly of this State, that a new Valuation be taken. —

[87.] Voted, that the farther Consideration of the Report of the Committee on the State of the Treasury, be referred to next Town Meeting, & all other Matters not acted upon in this Meeting —

The Town brought in their Votes for one Overseer of the Poor, in the Room of M^r. Barrel, who declines accepting that Trust; and upon sorting the Votes, it appeared, that

M^r. Peter Boyer

was unanimously chosen an Overseer of the Poor for the remainder of the Year. —

Voted, that this Meeting be dissolved, and it was accordingly dissolved. —

Warrant for Calling the Meeting — read —

The Inhabitants brought in their Votes for a Moderator, and upon sorting them it appeared that

be a Committee for the Purpose aforesaid. —

The Report of the Committee relative to Monopolies, &c. was read & passed, Paragraph by Paragraph, & is as follows, Viz^t.

The Committee appointed on Thursday the 6th. current, to consider what they judge necessary for the Town to do, in order to obtain a sufficient Supply of Provisions of all Kinds, & to promote the salutary Intention of the late Act to prevent Monopolies &c. beg leave to report —

That upon the strictest Enquiry we find, that the present great Scarcity of Provisions in the Town, arises principally from a Number of Engrossers, who have monopolized great Quantities of Rum, Sugar, Molasses, Cotton-Wool, Coffee, Cocoa, &c. & most Kinds of Cloathing, & now refuse to sell (as your Committee are informed) at the Prices affixed by the late Act of the General Court, by which means the People from the Country complain that they cannot get a necessary Supply of those Articles. —

We would not be understood to charge all Traders in Town with acting so base a Part, as several worthy Inhabitants in Trade are selling their Articles agreeable to the Prices stipulated in the late Act; & we have no Doubt, if others in Trade would follow their laudable Example, & the Stores in General were open, & Goods sold agreeable to said Prices, we should soon have as full a Supply of Provisions from the Country, as is usual at this Season of the Year. —

It is therefore most earnestly recommended to all the Inhabitants of this Town, that have any Articles more than they want for their Consumption, that they would immediately comply with the Act, by selling them agreeable to the Prices fixt therein, as they request the Peace of the Town, the Distresses of the poor, fixing our *Medium* to a certain Value, & strengthening the Hands of Government, at this *Critical & Important* Day. —

[92.] Your Committee likewise of Opinion, that it would be proper for the Town to encourage a Number of Fishermen in Addition to those already in that Business, that the Town may be more fully supplied with Fresh Fish

We beg leave farther to recommend to the Town, that the Committee of Correspondence be desired to write to the Committees of Correspondence in the neighbouring Towns, informing them of what this Town has done, & desiring them to use their Endeavors, to prevent any Misunderstanding by false Reports spread by the Tory Party, & to assure them, that the Inhabitants will exert themselves to the utmost, that the People in the Country Towns shall be supplied with Articles, agreeable to the Prices affixt in the late Act of this State for preventing Monopolies, &c.

Voted, that this Meeting be adjourned to Fryday next, 3 O'Clock P. M. ———

The Committee appointed "to make Enquiry, and to ascertain as near as may be, the Quantity of Flour now in Town & what is expected soon by Water; as also to confer with some Merchants relative to the Terms, on which they will import Flour from abroad, for the Use of the Inhabitants"—Report,—That on the strictest Enquiry & fullest Information, they find in the Possession of Col: Doane between two & three hundred Barrels — of M^r. Thomas Boylston two hundred — & of the several Bakers upwards of an hundred, the whole Quantity not exceeding Six Hundred ———

That they have the pleasure to be informed, that several Gentlemen have ordered, & expect the several Quantities hereafter mentioned —Viz^t.

That M^r. Powell has assured them, that he will send a Vessel, which he has ready, for six hundred bbls, as soon as he can be advised of the Withdraw of certain British Ships of War; now infesting the River & Capes of Delaware. — That M^r. Jepson has engaged to send for Six Hundred & Fifty. — These, with what are now on hand, will amount to five thousand nine hundred Barrels.

Your Committee farther report, that upon freely conversing with several Importers of that Article, it is their Opinion that Gentlemen may be found, who will undertake to import for the Use of the Inhabitants, the whole Quantity which may be necessary to make up the Deficiency arising from Captures of those expected, & the Inadiquacy of the Supply (should even the whole already ordered arrive) on being assured of a reasonable Profit on the same. ———

The foregoing Report having been read & considered — and the Question being put — Whether the same shall be accepted — Passed in the Affirmative

M^r. Lindal Pitts attended by Desire of the Inhabitants, and

gave the Town Satisfaction, as to the Quantity of Flour by him imported & what remained unsold —

Thursday the 5th. day of December 1776, 10 o'Clock A.M. met at Faneuil Hall according to Adjournment. —

The Committee appointed to draught a Petition to the General Court — Reported the following Draught, Viz^t,

State of Massachusetts' Bay,

To the Hon^{ble}. the Council & House of Representatives of said State, in General Court assembled. —

The Petition of the Inhabitants of the Town of Boston, Humbly sheweth,

That by a late Act of this State, one fourth Part of all the able Bodied Men of the Militia is to be raised by Inlistmen, Lot, or Draught, & to remain in the Service three Months only, from the Time of their Mustering. —

That your Petitioners always have been, & even now, [98.] Altho' so peculiarly reduced by the present War, are ready to contribute their *full* Proportion of Aid & Assistance in *every* respect, especially for the carrying on & supporting the present Contest.

But your Petitioners beg leave to represent to your Honors, that they have good Reason to apprehend, they could raise such a Number of Men, to serve for three Years, or during the War, as would be their full Quota or Proportion of the whole Number assigned

for this State by the Hon^{ble}. Continental Congress; & that they can effect the same, near, or quite as soon, as the time in which they will be able to procure the Men, who are to serve only for three Months —

Your Petitioners are led to this Step, not only from the Apprehension they have of being able to effect the same, but in Order to save very large Sums, that must Necessarily be expended to raise Men for three Months only, a Term scarcely sufficient to arrive even at the Seat of War; & certainly too Short, to acquire any Military Knowledge, though long enough to suffer many of the ill-Conveniences of the Campaign; to nothing of the Advantages the Soldier has, who has seen Service, over the new Recruits — That he is seasoned to the Difficulties, & gets a Relish for that Way of Life, & is not exposed to the Disorders of a Camp, — whereas frequent Draughts, tho' for a short time, take our Men from their necessary Occupation, & give them a Habit of Idleness, which cannot fail of being very prejudicial to the State at large, & must be extremely distressing to all, & ruinous to many of their Families, whose Heads are called from them by Lot, or taken by the more disagreeable Alternative of Draught. —

Your Petitioners therefore pray your Honors to give Orders, that this Town may raise its just Quota of the Levies assigned, in the Way they now propose: But in Case they cannot procure the whole in this way, the aforesaid Act may stand in force, as to any Deficiency, until the whole is completed

And your Petitioners as in Duty bound &c

[99.] The foregoing Petition having been read and considered —

Voted, that the same be accepted, & that a fair Draughts of the Petition be taken; & that the Gentlemen the Selectmen be desired to sign & present the same to the General Court in behalf of this Town. —

Voted, that this Meeting be adjourned to Monday next, 10 o'Clock Forenoon, at the Old Brick Meeting House. —

Met according to Adjournment, Monday the 9th. day of December, 10 o'Clock Forenoon, Old Brick Meeting House. —

Benjamin Kent Esq^r. in the Chair

After considerable Time spent in Debates, on a Motion made —

Voted, that this Meeting be dissolved — and it was accordingly dissolved. —

Warrant for Calling the Meeting — read —

The Committee appointed to prepare Instructions for the Gentlemen chose to represent this Town in the next General Assembly, Reported the following Draught, Viz^t.

To the Hon^{ble}. John Hancock Esq, David Jeffries, Caleb Davis, Oliver Wendell, John Brown, John Pitts & Ellis Gray, Esq^{rs}.

Gentlemen,

You have been chosen by the Voice of the Town of Boston to represent them in the Great & General Court, & as it must be agreeable to you to know the Minds of your Constituents in all important Matters, we think fit to give you the following Instructions. —

With respect to the General Courts forming a new Constitution, you are directed by a unanimous Vote of a full Meeting, on no Terms to consent to it, but to use your Influence, & oppose it [126.] Heartily, if such an Attempt should be made, for we apprehend this Matter (at a suitable time) will properly come before the people at large, to delegate a Select Number for that Purpose, & that alone, when some things which we esteem absolutely necessary to a good Form, may be viewed by a General Court, in the Light of self denying Ordinances, which it is natural to consider, are always disagreeable to human Nature: Among other things we have peculiarly in View making the Council intirely independent of the House, & to prevent the lately too prevalent Custom of accumulating Offices in One Persone: We could wish to establish it, as a certain Rule, that no One person whatever, be entrusted with more than One Office at a time (& for the Discharge of it, let there be honorable Allowance) & to keep the Members of the General Court from accepting any: This we apprehend will have a happy Effect at large, & is agreeable to the Custom of all States until Corruption & Bribery destroy the Principles of Vertue. —

You are also directed to move for, & exert yourselves to get an immediate & total Repeal of the Acts, commonly called the *Regulating Acts*. Our reasons for desiring this Request are: Because we have done our utmost to carry them into Execution, and find them so formed, that it is impossible to accomplish it;

they are (however well designed) a growing Source of Animosity & ill Will, tending to raise a Difference between Town & Country, at this — important Crisis, an Event ardently wished for by our Enemies, but ought to be guarded against with the utmost Caution by every Friend to this Country, for we are sure that our *Interest & Happiness* of our Brethren in the Country; & if ever the Trial is made, we shall assuredly find, that a Disunion & Separation of such Interest will be *the Ruin of both*.

Because, we apprehend, the said Acts have very greatly raised the Price of almost every Article of Life, & we have great [127.] Reason to fear the Evil will be growing, so long as they are in Being — though are firmly of the Opinion, if the Acts are repealed, & *our Trade freed from the cruel Shackles, with which it has lately been in judiciously bound, that a plentiful Import will, as assuredly lower the Prices, as a Scarcity has raised them*: For it has been a known & acknowledged Truth, by all Nations, which were *wise enough to encourage Commerce*, that Trade must regulate itself; can never be clogged but to its ruin; & always flourishes when left alone; it is justly compared to a Coy Mistress, she must be courted with Delicacy, & is ruined by force. —

Because it has had the greatest Tendency to destroy our Currency, & render Money of little Value; it has thrown many of *the honest & fair Traders*, (who wish to retain a good Commerce) out of Business, & set up in their Room *Mushroom Pedlars*, who adulterate their Commodities, & take every Advantage, thereby bringing a Disgrace upon Commerce — without which Town nor Country are worth defending. —

Because we are sure, that very large, & much wanted Supplies, the Property of this State & expected here, are now ordered into some of the Sister States, until these Acts are repealed — In short,

Because we have experienced every ill we could possibly fear from these Acts, & have felt the least Advantage from them: We cannot therefore but view them, repleat with innumerable Evils, directly opposite to the Idea of Liberty, & without a Possibility of doing any Good; the *first Act*, in its Consequences introducing *all Kinds of Knavery*, & the *second* closes the *horrid Scene* with Perjury. — If these Acts should be repealed, we conclude the Land-Embargo will fall of course. —

If there should be an Attempt to have the pay of the Representatives taken out of the Public Chest, you are directed strenuously to oppose it, as, the only just Method we can conceive of, is, for *each Town to pay their own Members*. —

[128.] You are to move that immediate Application be made to Congress, that all the *States Money* might be redeemed with *Continental Currency*, & each State charged by the Continent for what they receive — If this could be accomplished, and the Money redeemed by *Loan-Certificates*, it would operate doubly in favor of the States, for us *they* carry Interest *they* would be speedily hoarded, & being taken out of Circulation, would give the remaining Currency a proportionably *greater Value*, and in that Case would be nearly equal to a Tax: Besides, the Currency

being all of the *same Species*, a Counterfeit would be more easily discovered, than when a great variety of Money is passing, & it would then be the joint Interest of *all the States* to keep the *Credit good*, & might be a farther Means of strengthning the Union. —

These Matters, with all others that may come before the General Court, we leave to your firmness & Prudence, and trust your Exertions in the common Cause will be such as shall recommend you to your Fellow Citizens, & what is more your Gain, *you* to the Approbation of God & your Conscience.

The foregoing Draught of Instructions to our Representatives having been read & considered Paragraph by Paragraph — the Question was put — “Whether the same shall be accepted, & given to our Representatives as their Instructions?” — Passed in the Affirmative. —

On a Motion, Voted, that the foregoing Instructions be printed in the News-Papers. —
